- **Open Shelving:** Utilize the two open shelves for housing audio/video components such as soundbars, gaming consoles, or media players. The open design allows for proper ventilation.

MAINTENANCE

To ensure the longevity and appearance of your CorLiving Fernbrook TV Stand, follow these maintenance guidelines:

- **Cleaning:** Wipe the surfaces with a dry, soft cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the engineered wood finish.
- **Regular Checks:** Periodically inspect all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain structural integrity.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the finish.
- **Protect Surfaces:** Use coasters or protective pads under items placed on the stand to prevent scratches or marks.

TROUBLESHOOTING

If you encounter issues with your TV stand, consider the following common solutions:

- **Wobbly Stand:** Ensure the stand is on a level surface. Check all assembly screws and cam locks; tighten any that are loose. The hidden center support leg should be properly installed and adjusted.
- **Drawers Not Aligning or Closing Properly:** This often indicates incorrect drawer slide installation or loose fasteners. Review the assembly steps for drawer installation. Ensure drawer slides are correctly oriented and securely attached to both the drawer box and the main unit. Adjust drawer slides if they have adjustment mechanisms.
- **Missing or Damaged Parts:** If you received damaged or missing parts, do not proceed with assembly. Contact customer support immediately for assistance.
