1. PRODUCT OVERVIEW

Nero 2017 Classic is a comprehensive multimedia suite designed to simplify your digital life. It provides tools for managing, editing, burning, converting, streaming, and playing back various digital media, including videos, photos, and music. The software integrates features for enhanced security and compatibility with modern devices.

Key Features:

- Proven copying and burning technology for CDs, DVDs, and Blu-ray Discs.
- Playback of photos, videos, music, and slide shows.
- Easy importing of your own movies and videos.
- Versatile disc-ripping functions.
- Suitable for use only with private and non-copyright-protected content.

2. SETUP AND INSTALLATION

To begin using Nero 2017 Classic, follow these general installation steps. Ensure your system meets the minimum requirements before proceeding.

2.1 System Requirements:

- Operating System: Windows 7, Windows 8, Windows 8.1, Windows 10.
- Processor: 2 GHz AMD or Intel processor.
- RAM: 1 GB RAM.
- Hard Drive Space: 5 GB for typical installation of all components, including temporary content and disc images.
- Graphics Card: Microsoft DirectX 9.0 compliant graphics card.
- Optical Drive: For installation and playback of CD, DVD, or Blu-ray discs.
- Internet Connection: Required for software updates and certain features.

2.2 Installation Steps:

1. Insert the Nero 2017 Classic installation disc into your optical drive, or run the downloaded installer file.
2. Follow the on-screen prompts to complete the installation process.
3. During installation, you may be prompted to enter your product key.
4. An internet connection is required for the initial software update and activation.
5. After installation, restart your computer if prompted.

3. OPERATING INSTRUCTIONS

Nero 2017 Classic offers a user-friendly interface with several modules for different tasks. The new Nero QuickStart and Nero KnowHow app provide quick access and guidance.

3.1 Getting Started with Nero QuickStart

The Nero QuickStart screen allows you to quickly access the most frequent jobs. Simply select your media and jump into your project.

1. Launch Nero 2017 Classic. The new start screen will appear.
2. From the QuickStart menu, select your desired task (e.g., Nero Video, Nero Burning ROM, Nero MediaHome).
3. Follow the prompts to select your files and project type.

Figure 3: Nero QuickStart Workflow. This image illustrates the three-step process of using Nero QuickStart: 1. Click & select, 2. Choose project type, and 3. Right in your project, demonstrating how to quickly start tasks.

3.2 Using Nero MediaHome for Media Management

Nero MediaHome acts as your personal media center for easy importing, browsing, creating, and playing back photos and videos.

- **Wireless Transfer:** Use the Nero MediaHome WiFi Sync app (available for iOS and Android) to wirelessly transfer photos and videos from your mobile device to your PC.
- **Organization:** Organize your media based on places and faces for easy retrieval.
- **Playback:** Send your favorite PC media back to your mobile device in optimal quality.

Figure 4: Nero MediaHome Face Recognition. This image shows the Nero MediaHome interface on a laptop, demonstrating the feature to sort and browse photos via faces, allowing for easy creation of auto-designed slideshows.

3.3 Video Editing and Multi-Export

Edit videos and slideshows with ease and professional results. The new multi-export feature allows for efficient extraction of video clips.

- **Export Options:** Export your projects as movies or burn them directly to video discs.
- **Multi-Export:** Utilize the multi-export feature to extract several single video clips from longer videos in one go, saving time and simplifying the creation of video highlights. This feature includes video scene detection.

3.4 Secure Burning with SecurDisc 4.0

Nero's burning technology ensures safety and reliability for CDs, DVDs, and Blu-ray Discs. SecurDisc 4.0 provides enhanced data security.

- **Encryption:** Burn discs with the highest industry-standard encryption (AES 256-bit or AES 128-bit) to protect your data.
- **Longevity:** SecurDisc technology helps ensure the quality and long-term readability of your burned discs.

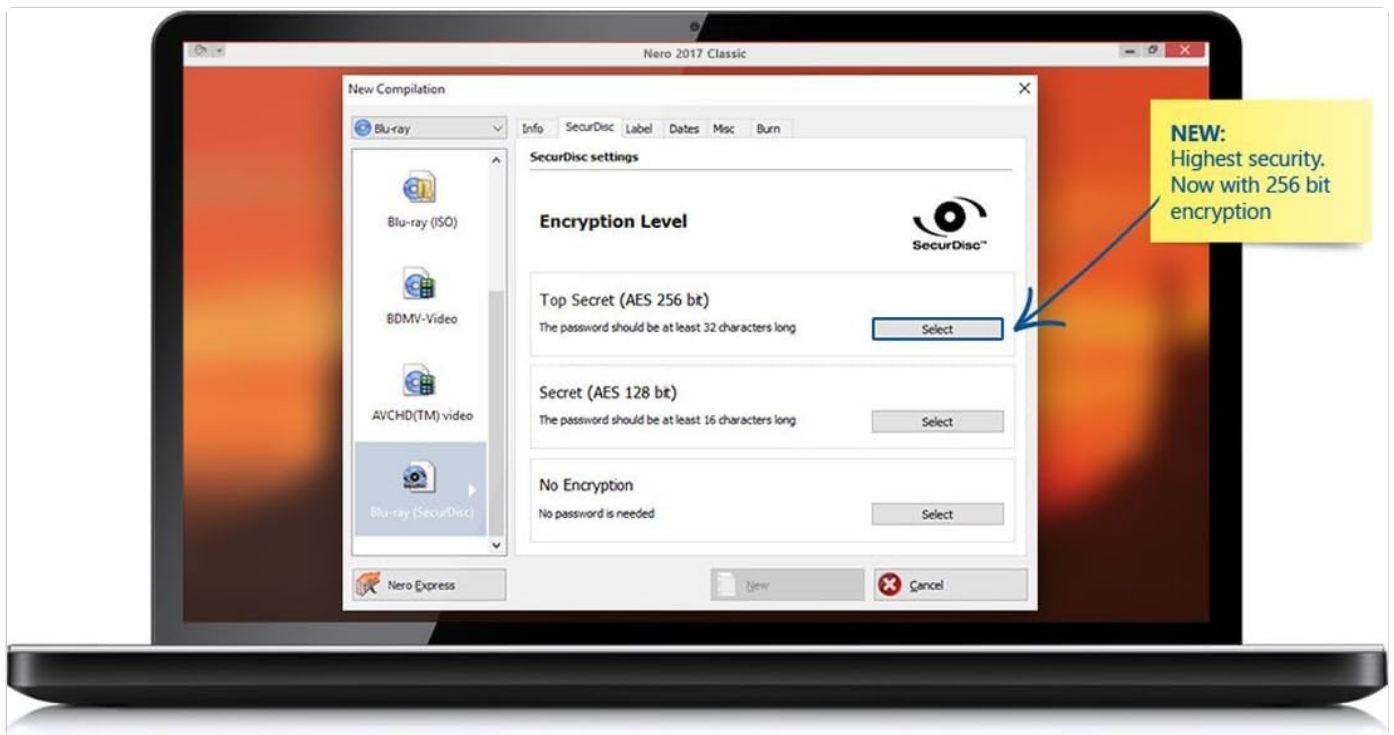

Figure 5: Nero SecurDisc 4.0 Settings. This image displays the SecurDisc settings within Nero 2017 Classic, showing options for encryption levels (AES 256-bit, AES 128-bit, or no encryption) for secure data burning.

3.5 Converting Discs to Mobile Devices

Convert your video discs and audio CDs directly to your connected mobile device with ease.

- **One-Click Conversion:** Connect your mobile device (e.g., smartphone, tablet) to your PC. Use the "Disc to Device" function to convert and transfer media directly.
- **Gracenote Technology:** Nero includes Gracenote technology, ensuring that original album art is stored with your music files during conversion.

3.6 Media Playback and Streaming

Play back any media type perfectly, including video DVDs, music CDs, music files, photos, videos, and slideshows. Stream your media wirelessly to various devices.

- **Subtitle Support:** Play movie files with included subtitles or add extra subtitles via drag-and-drop functionality.
- **Wireless Streaming:** Use the Nero Streaming Player app (free for iOS and Android) to stream all your media via Wi-Fi directly from your mobile device or PC to your Smart TV.

Figure 6: Nero MediaHome Subtitle Options. This image shows the Nero MediaHome interface on a laptop during video playback, highlighting the option to select and add subtitles via drag-and-drop, with various language choices available.

3.7 Nero KnowHow App

For any questions or assistance, the Nero KnowHow app serves as a digital learning guide. It is available on your PC and mobile devices, providing manuals and tutorials.

Your browser does not support the video tag.

Video 1: Nero 2017 Classic Overview. This video provides a comprehensive overview of Nero 2017 Classic, demonstrating its features for media management, editing, burning, conversion, and streaming across various devices. It highlights the new QuickStart interface, SecurDisc 4.0, multi-export, Gracenote integration, and the Nero KnowHow app.

4. MAINTENANCE

To ensure optimal performance and data integrity with Nero 2017 Classic, regular maintenance is recommended.

- **Software Updates:** Regularly check for and install software updates. Updates often include performance improvements, bug fixes, and compatibility enhancements. An internet connection is required for updates.
- **Data Backup:** Utilize the Nero BackItUp feature to regularly back up your important files and projects. This protects against data loss due to hardware failure or other unforeseen issues.
- **System Optimization:** Ensure your operating system and drivers are up-to-date. A well-maintained system contributes to the smooth operation of Nero software.
- **Disc Care:** Store your burned CDs, DVDs, and Blu-ray Discs in a clean, dry environment away from direct sunlight to preserve their longevity and readability.

5. TROUBLESHOOTING

If you encounter issues while using Nero 2017 Classic, consider the following troubleshooting steps:

- **Software Not Launching/Crashing:**
 - Ensure your system meets the minimum requirements.
 - Check for and install the latest software updates.

- Try running the software in compatibility mode for an older Windows version (e.g., Windows XP SP3) if experiencing persistent issues on newer operating systems.
- Reinstall the software if the problem persists.

- **Burning Errors:**

- Use high-quality blank media.
- Ensure your optical drive firmware is up-to-date.
- Reduce the burning speed.
- Verify that the content you are burning is not copyright-protected.

- **Media Recognition Issues:**

- Ensure your media files are in supported formats.
- Check if your mobile device is properly connected and recognized by your PC for conversion or sync functions.
- For Gracenote features, ensure an active internet connection.

- **Nero KnowHow App:** If you need detailed guidance, consult the Nero KnowHow app for specific manuals and tutorials.

6. PRODUCT SPECIFICATIONS

Feature	Detail
Model Number	AMER-10070000/553
Manufacturer	Nero
Product Dimensions	5.25 x 1.5 x 7.5 inches
Item Weight	3.04 ounces
First Available Date	August 22, 2016
Supported Media	CD, DVD, Blu-ray Disc (burning, copying, playback)
Security Feature	SecurDisc 4.0 with AES 256-bit encryption
