

TOTO U370STU

TOTO Urinal Drain Strainer U370STU Instruction Manual

INTRODUCTION

Welcome to the TOTO Urinal Drain Strainer U370STU instruction manual. This guide provides essential information for the proper installation, operation, and maintenance of your TOTO drain strainer. Please read this manual thoroughly before use to ensure optimal performance and longevity of the product.

SETUP AND INSTALLATION

1. Unpacking

Carefully remove the TOTO Urinal Drain Strainer U370STU from its packaging. Inspect the product for any signs of damage. Do not install if damaged.

2. Compatibility

This drain strainer is designed for use with TOTO urinal models UFH500, UFH557, UFH560, and UFH570. Ensure your urinal model is compatible before proceeding with installation.

3. Installation Steps

1. Ensure the urinal drain is clean and free of debris.
2. Place the TOTO Urinal Drain Strainer U370STU directly into the urinal drain opening. The strainer should sit flush or slightly below the surface of the urinal bowl.
3. No tools are typically required for the installation of this drain strainer. It is designed for simple drop-in placement.

OPERATING INSTRUCTIONS

The TOTO Urinal Drain Strainer U370STU functions passively to prevent larger debris from entering and clogging the urinal drain. Its perforated plate allows liquids to pass through while retaining solid waste. The Sephyon Tech coating contributes to the product's stain-resistant properties, maintaining hygiene.

MAINTENANCE

1. Regular Cleaning

- To maintain optimal performance and hygiene, regularly clean the drain strainer. Remove the strainer from the urinal.
- Wash the strainer with a mild, non-abrasive cleaner and a soft brush or cloth. Rinse thoroughly with water.
- The Sephyon Tech coating is designed to be stain-resistant, simplifying cleaning.

2. Inspection

Periodically inspect the strainer for any signs of wear or damage. Replace if necessary to ensure effective drain protection.

TROUBLESHOOTING

1. Slow Drainage

- If you observe slow drainage, remove the strainer and check for any accumulated debris or blockages on or beneath the strainer. Clean the strainer as per the maintenance instructions.
- If slow drainage persists after cleaning the strainer, the blockage may be further down the drainpipe, requiring professional plumbing assistance.

2. Odor Issues

While the strainer itself is stain-resistant, odors can still arise from accumulated waste. Ensure regular cleaning of both the strainer and the urinal bowl.

SPECIFICATIONS

Product Dimensions: 3.94"D x 3.94"W x 0.39"H

Material: Earthenware

Color: White

Item Weight: 2.47 ounces (70 Grams)

Model Number: U370STU#NW1

Compatible Urinal Models: UFH500, UFH557, UFH560, UFH570
