Sirena TWIST

Sirena Twister Air Purifier (Model TWIST) - User Manual

Your guide to clean, fresh, and aromatized air.

1. Introduction

The Sirena Twister Air Purifier is a compact, water-based air cleaning system designed to improve indoor air quality. It utilizes water filtration to capture airborne particles and can also function as an aroma diffuser and a night light with its 7-color LED illumination. This manual provides detailed instructions for the safe and effective use of your Sirena Twister.

2. Product Features

- **Water-Based Filtration:** Effectively filters out smoke, pet dander, dust, pollen, and unpleasant smells from the air.
- **Aroma Diffusion:** Allows for the addition of essential oils or Sirena fragrances to aromatize your living space.
- **7-Color LED Illumination:** Features a built-in LED light with changing colors, providing a soothing ambiance or night light function.
- **Quiet Operation:** Designed for low noise levels, suitable for bedrooms and offices.
- **Compact Design:** Portable and fits easily on nightstands, desks, or shelves.

3. Setup

1. **Placement:** Place the Sirena Twister on a flat, stable surface in your desired room. Ensure it is away from direct sunlight and heat sources.
2. **Fill with Water:** Carefully remove the top cover of the unit. Fill the clear water basin with clean tap water up to

the indicated 'MAX' line. Do not overfill.

3. **Add Fragrance (Optional):** For aroma diffusion, add 5-10 drops of your preferred essential oil or Sirena fragrance directly into the water basin.
4. **Replace Cover:** Securely place the top cover back onto the water basin, ensuring it is properly aligned.
5. **Connect Power:** Plug the power adapter into the unit and then into a standard electrical outlet.

4. Operating Instructions

1. **Power On/Off:** Locate the power switch on the unit's cord. Slide the switch to the 'ON' position to start the air purifier. Slide it to 'OFF' to turn it off.
2. **LED Light:** The 7-color LED illumination will automatically cycle through colors when the unit is powered on. There is no separate control for the LED light.
3. **Continuous Operation:** The Sirena Twister is designed for continuous operation. You can leave it running for extended periods to maintain air quality and fragrance.

Video: This video demonstrates the Sirena Twister's operation, including the changing LED lights and the water swirling action, which contributes to air purification and ambient noise.

5. Maintenance

Regular cleaning of your Sirena Twister is essential to maintain optimal performance and hygiene.

1. **Daily Water Change:** For best results, empty and refill the water basin with fresh, clean water daily.
2. **Cleaning the Basin:** When changing the water, rinse the basin thoroughly to remove any accumulated dust or debris. You may use a mild soap and water solution for a deeper clean, then rinse completely.
3. **No Filters to Replace:** The Sirena Twister uses water as its filter, eliminating the need for costly and frequent filter replacements.
4. **Cleaning the Top Cover:** Wipe the top cover with a damp cloth to remove any dust. Ensure the air vents are clear.

6. Troubleshooting

Problem	Possible Cause	Solution
Unit does not turn on	No power supply; Power switch is off	Ensure the power adapter is securely plugged into both the unit and the wall outlet. Check the power switch on the cord is in the 'ON' position.
No water circulation/bubbles	Water level is too low or too high; Unit is not properly assembled	Check water level and adjust to between MIN and MAX lines. Ensure the top cover is correctly seated on the basin.
Unpleasant odor persists	Water is dirty; Insufficient fragrance added	Change the water and clean the basin thoroughly. Add more drops of fragrance.
LED light not working	Unit is not powered on; LED malfunction	Ensure the unit is powered on. If the unit is running but the LED is off, contact customer support.
