## Acclaim LEDUC22WH

# Acclaim LEDUC22WH LED Undercabinet Light User Manual

Model: LEDUC22WH

## PRODUCT OVERVIEW

The Acclaim LEDUC22WH LED Undercabinet Light is designed to provide efficient and high-quality illumination for kitchen and task areas. Its slim profile and white finish allow it to blend seamlessly with various decor styles. This fixture utilizes LED technology for energy savings and features a high Color Rendering Index (CRI) to ensure colors appear true and vibrant under its light. It is a corded electric unit, designed for undercounter installation.

## SETUP AND INSTALLATION

### Safety Precautions

- Ensure power is disconnected at the circuit breaker before installation.
- Consult a qualified electrician if you are unsure about electrical connections.
- Wear appropriate safety gear, including safety glasses and gloves.

### Mounting Instructions

1. Identify the desired location for the undercabinet light. Ensure it is a flat, stable surface.
2. Mark the mounting points on the underside of the cabinet using the fixture as a template.
3. Drill pilot holes at the marked locations, if necessary.

- Secure the undercabinet light to the cabinet using appropriate screws.

### Electrical Connection

- Connect the fixture's power cord to a standard 120V AC outlet.
- Ensure the cord is routed safely and does not pose a tripping hazard.
- Verify all connections are secure before restoring power.

### OPERATING INSTRUCTIONS

The Acclaim LEDUC22WH LED Undercabinet Light is operated via a push-button controller located on the fixture itself. To turn the light on or off, simply press the button. This model does not feature dimming capabilities or remote control functionality, despite a 'Remote' control method being listed in some specifications; operation is strictly via the integrated push button.

### MAINTENANCE

- Cleaning:** Disconnect power before cleaning. Wipe the fixture with a soft, dry cloth. Do not use abrasive cleaners or solvents, as they may damage the finish or electrical components.
- Bulb Replacement:** The LED light source in this fixture is non-removable and designed for long-term use. It does not require bulb replacement.
- Inspection:** Periodically inspect the power cord and fixture for any signs of damage. If damage is found, discontinue use and consult a qualified technician.

### TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	No power to the outlet.	Check the circuit breaker or try another outlet.
Light flickers.	Loose connection or unstable power supply.	Ensure the power cord is securely plugged in. Check for stable power supply.
Light is dim.	Not applicable, as this model does not have dimming functionality.	Ensure the fixture is clean and free of obstructions.

### SPECIFICATIONS
