Ergodyne BALDR

Ergodyne Skullerz BALDR Safety Glasses User Manual

Model: BALDR (Gray)

INTRODUCTION

This manual provides essential information for the proper use, care, and maintenance of your Ergodyne Skullerz BALDR Safety Glasses. Please read this manual thoroughly before using the product to ensure safety and optimal performance.

PRODUCT FEATURES

- **Impact Resistant:** Meets ANSI Z87.1+, CSA Z94.3, and MIL-PRF 32432 Ballistic Impact standards for superior protection.
- **Anti-Scratch + UV Protection:** Lenses are scratch-resistant and block 99.9% of harmful UV rays.
- **Durable Full Frame:** Features a robust, large full-frame design that is flexible and provides maximum coverage.
- **Non-Slip Design:** Equipped with rubber temples to ensure a secure fit and resist sweat.
- **Dust-Blocking Gasket:** An optional foam gasket insert is available to reduce dust and debris entry.

SETUP

The Ergodyne Skullerz BALDR Safety Glasses are designed for immediate use. No assembly is required.

1. **Unpackaging:** Carefully remove the safety glasses from their packaging.
2. **Inspection:** Before first use, inspect the glasses for any signs of damage, such as cracks in the frame or scratches on the lenses. Do not use if damaged.
3. **Fit Adjustment:** Place the glasses on your face, ensuring the temples rest comfortably over your ears and the nose piece sits securely on your nose bridge. The full-frame design provides broad coverage.
4. **Optional Gasket Installation (if applicable):** If your model includes a removable foam gasket, align it with the frame and press firmly to secure it. This gasket helps to seal out dust and debris.

OPERATING INSTRUCTIONS

These safety glasses are intended for personal eye protection in environments where impact, UV radiation, or dust/debris may pose a hazard.

- **Wearing:** Always wear the safety glasses when in an environment requiring eye protection. Ensure they cover your eyes completely.
- **Secure Fit:** The non-slip rubber temples are designed to keep the glasses securely in place during activity.
- **UV Protection:** The lenses provide 99.9% UV protection, suitable for outdoor use.
- **Impact Protection:** These glasses meet stringent impact resistance standards. However, they are not unbreakable. Replace immediately if they sustain a significant impact.

MAINTENANCE AND CARE

Proper care will extend the life and effectiveness of your safety glasses.

- **Cleaning:** Clean lenses regularly with a soft, lint-free cloth and a mild lens cleaning solution or warm water. Avoid abrasive cleaners or paper towels, which can scratch the lenses.
- **Storage:** Store glasses in a clean, dry place, preferably in a protective case or pouch, to prevent scratches and damage when not in use.
- **Inspection:** Periodically inspect the frame and lenses for wear, damage, or degradation. Replace glasses if any part is compromised, as this can reduce their protective capabilities.
- **Temperature:** Avoid exposing the glasses to extreme temperatures, which can warp the frame or damage the lens coatings.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lenses are scratched or hazy.	Improper cleaning, abrasive contact, or prolonged exposure to harsh conditions.	Clean with appropriate materials. If scratches impair vision or protection, replace the glasses.
Glasses slip down nose.	Sweat or improper fit.	Ensure nose piece is clean. The rubber temples are designed to minimize slipping; ensure they are positioned correctly.
Frame feels loose or damaged.	Impact or wear and tear.	If the frame is compromised, the protective integrity is reduced. Replace the glasses immediately.

SPECIFICATIONS

- **Model:** BALDR
- **Color:** Gray
- **Manufacturer:** Ergodyne
- **Material:** Nylon, Polycarbonate
- **Safety Standards:** Meets ANSI Z87.1+, CSA Z94.3, and MIL-PRF 32432 Ballistic Impact
- **UV Protection:** Blocks 99.9% of harmful UV rays
