

Octane Seating MEGA-R4SP-LM-BL

Octane Seating Mega XL950 Home Theater Seats

Instruction Manual

1. INTRODUCTION

Thank you for choosing the Octane Seating Mega XL950 Home Theater Seats. This manual provides essential information for the setup, operation, maintenance, and troubleshooting of your new home theater seating. Please read this manual thoroughly before use to ensure proper functionality and longevity of your product.

2. SAFETY INFORMATION

WARNING:

This chair has a maximum weight recommendation of 80 pounds. Please ensure that the total weight of the user(s) does not exceed this limit. Caution should be exercised when using the motorized headrest and power recline features to avoid injury.

Always ensure clear space around the seating when operating recline functions to prevent obstruction or damage.

3. PRODUCT FEATURES

- **Motorized Headrest & Power Recline:** Offers full range motor-powered adjustments for optimal viewing angles and comfort.
- **Built-in USB Port:** Allows charging of devices while seated.
- **Deep Hidden Arm Storage:** Convenient storage space within the armrest for remotes, books, and other small items.
- **Blue Ambient LED Lights:** Integrated LED lighting in cup holders and under the chair for enhanced ambiance.
- **Octane Accessory Dock:** Stainless steel dock in the front portion of the armrest supports a range of Octane accessories (sold separately), such as tray tables, reading lights, and wine glass holders.

4. SETUP INSTRUCTIONS

The Octane Seating Mega XL950 Home Theater Seats are designed for straightforward assembly. Follow

these general steps:

1. **Unpacking:** Carefully remove all components from the packaging. Retain packaging materials for future transport or returns if necessary.
2. **Component Identification:** Identify all seating sections, backrests, and power cables.
3. **Assembly:** Align the metal brackets on the backrest with the corresponding slots on the seat base. Push down firmly until the backrest locks into place. Repeat for all seating sections.
4. **Connecting Power:** Connect the power cables from each seat to the main power supply unit. Plug the main power supply into a grounded electrical outlet.
5. **Positioning:** Place the assembled seating in your desired home theater location, ensuring adequate clearance for recline functions.

5. OPERATING INSTRUCTIONS

5.1 Power Recline and Headrest Adjustment

The power recline and headrest functions are controlled by buttons located on the side of the armrest. Use these buttons to smoothly adjust your seating position for optimal comfort.

6. MAINTENANCE AND CARE

- **Cleaning:** For bonded leather, wipe regularly with a soft, damp cloth. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Dusting:** Dust the seating regularly with a soft, dry cloth.
- **Mechanism Care:** Periodically check all moving parts for smooth operation. Do not lubricate the recline mechanism unless specifically instructed by Octane Seating support.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading and cracking of the leather.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Chair does not recline.	Power cord disconnected; power outlet issue; motor malfunction.	Check power connections. Ensure outlet is functional. Contact customer support if problem persists.
LED lights are not working.	Light switch off; loose connection; LED failure.	Verify light switch is on. Check connections. Contact customer support.
USB port not charging.	Device not compatible; loose connection; port malfunction.	Ensure device is compatible. Check USB cable and connection. Try another device. Contact customer support.
Armrest storage difficult to open/close.	Obstruction; hinge issue.	Check for obstructions. Ensure hinges are clean. Do not force.
