Maintenance

To ensure the longevity and optimal performance of your DVDs, follow these maintenance guidelines:

- **Handling:** Always hold discs by their edges or the center hole. Avoid touching the playing surface.
- **Cleaning:** If a disc becomes dirty, gently wipe it with a soft, lint-free cloth from the center outwards. Do not use abrasive materials or harsh chemicals.
- **Storage:** Store discs in their original case, away from direct sunlight, extreme temperatures, and high humidity.
- **Avoid Scratches:** Place discs back into their trays immediately after use to prevent scratches.

Troubleshooting

If you encounter issues while using your DVD set, consider the following common solutions:

- **Disc Not Playing:** Ensure the disc is inserted correctly with the label side up. Check if the disc is clean and free of scratches. Try playing another DVD to confirm your player is functioning correctly.
- **Skipping or Freezing:** Clean the disc as described in the Maintenance section. If the issue persists, try the disc in another DVD player to determine if the problem is with the disc or the player.
- **No Audio/Video:** Verify that your DVD player is properly connected to your television and that the correct input source is selected. Check your TV and player's volume settings.
- **Menu Navigation Issues:** Ensure your remote control batteries are working. Some players may have specific buttons for menu navigation (e.g., 'Menu', 'Title', 'Chapter').
