Keter Marvel Plus 71 Gallon Resin Outdoor

Keter Marvel Plus 71 Gallon Resin Outdoor Storage Box

Model: Marvel Plus 71 Gallon Resin Outdoor

Brand: Keter

PRODUCT OVERVIEW

The Keter Marvel Plus 71 Gallon Resin Outdoor Storage Box is designed for versatile storage of patio furniture cushions, throw pillows, garden tools, and pool floats. With a large 71-gallon capacity, it is suitable for both indoor and outdoor use. Constructed from durable polypropylene, it is UV-resistant, preventing fading, rusting, denting, or peeling. The box features built-in handles and rollers for easy mobility and can be assembled in approximately five minutes without tools. It also provides comfortable bench seating with a weight capacity of 485 lbs, keeping stored items dry and well-ventilated.

Key Features

- Exterior Dimensions: 45.9 in. W x 17.4 in. D x 22.2 in. H
- Interior Dimensions: 44.6 in. W x 15.6 in. D x 20 in. H
- Large storage capacity of 71 gallons
- Durable polypropylene resin construction
- UV-resistant material prevents fading
- Will not rust, dent, or peel
- Built-in handles and rollers for easy mobility
- Quick assembly with no tools required
- Provides comfortable bench seating with a weight capacity of 485 lbs

SETUP AND ASSEMBLY

The Keter Marvel Plus storage box is designed for quick and easy assembly, requiring no tools. The components snap together, allowing for complete setup in approximately five minutes.

Assembly Steps:

1. Unpack all components and verify against the parts list in the included manual.
2. Align the side panels with the base and firmly snap them into place.
3. Attach the front and back panels, ensuring all connections are secure.
4. Position the lid onto the assembled base and snap the hinges into their designated slots.
5. Confirm all parts are securely connected before use.

Quick & Easy Assembly

No tools required – just snap it together for pain free assembly in **under 15 minutes.**

OPERATING INSTRUCTIONS

The Keter Marvel Plus storage box is designed for straightforward operation. To access the contents, simply lift the hinged lid. Ensure the lid is fully closed and latched to protect items from external elements.

Usage Guidelines:

- Storage:** Utilize the 71-gallon capacity for storing various outdoor or indoor items such as cushions, garden tools, pool accessories, or seasonal clothing.
- Seating:** The robust construction allows the box to function as a bench, supporting up to 485 lbs. Ensure the lid is fully closed and secured before using as a seat.
- Mobility:** For repositioning, utilize the built-in handles and rollers. Lift slightly using the handles and roll the box to the desired location.

- **Security:** The box is designed to be padlock compatible for added security of your stored items (padlock not included).

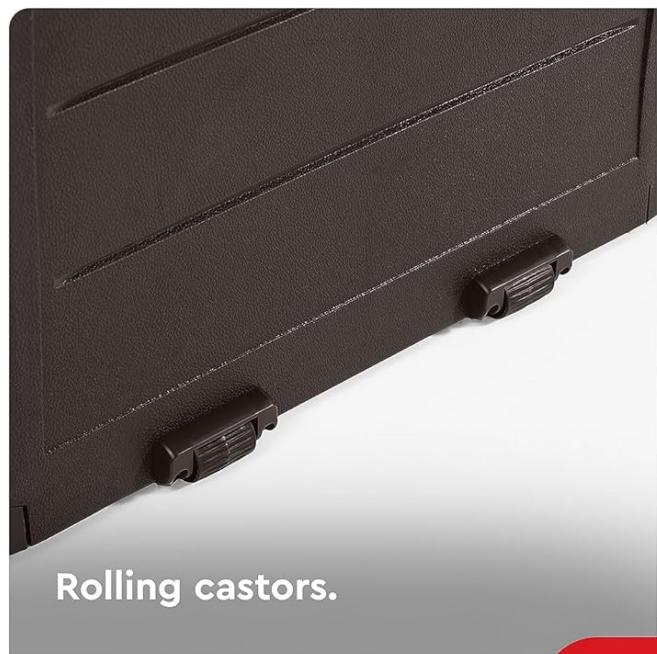

Store it all with Marvel.

Store patio cushions, outdoor toys, pool accessories, & more! The Marvel deck box has your things covered.

CARE AND MAINTENANCE

The Keter Marvel Plus storage box is constructed from durable, weather-resistant resin designed for minimal maintenance. To ensure longevity and optimal performance, follow these guidelines:

- **Cleaning:** Wipe down the exterior with a damp cloth and mild soap as needed. Avoid abrasive cleaners or harsh chemicals, which can damage the resin.
- **UV Protection:** The material is UV-resistant to prevent fading from sun exposure. No special UV protectants are required.
- **Weather Resistance:** The box is designed to withstand various weather conditions and will not rust, dent, or peel. Ensure the lid is properly closed to keep contents dry during rain.
- **Ventilation:** The design promotes good ventilation to prevent moisture buildup inside the box.

TROUBLESHOOTING

If you encounter any issues with your Keter Marvel Plus storage box, consider the following common solutions:

- Lid Not Closing Properly:** Ensure no items inside the box are obstructing the lid's closing path. Check that the hinges are correctly aligned and free of debris.
- Instability:** Verify that the storage box is placed on a flat, level surface. Uneven ground can cause the box to wobble or prevent proper lid closure.
- Water Inside Box:** Confirm the lid is fully closed and latched. Inspect the sealing edges for any damage or gaps. Ensure the box is not placed in an area where water can pool around its base.
- Difficulty Moving:** Check that the rollers are free from obstructions and can rotate smoothly. Ensure the box is not overloaded beyond its recommended weight capacity.
