Miffy 5" LED USB Wall Night Light User Manual

Brand: Miffy

Model: 1.1001.C.02

INTRODUCTION

The Miffy 5" LED USB Wall Night Light is a charming and functional device designed to provide gentle illumination and convenient USB charging. Inspired by the beloved character Miffy, this night light features a built-in photodetector for automatic operation and two USB outlets for charging your devices. It is suitable for various indoor spaces, including nurseries, bedrooms, and other areas where a soft light and charging capability are desired.

SAFETY INFORMATION

- Read all instructions before use.
- This product is for indoor use only. Do not expose to water or high humidity.
- Do not disassemble or modify the device.
- Keep out of reach of small children.
- Ensure the power outlet matches the device's voltage requirements (127 Volts AC).
- Unplug the device from the wall outlet before cleaning or if not in use for an extended period.

PACKAGE CONTENTS

- 1 x Miffy 5" LED USB Wall Night Light
- 1 x USB Cable

SETUP

1. **Unpack the Device:** Carefully remove the Miffy Night Light and USB Cable from its packaging.
2. **Choose a Location:** Select a standard wall outlet in an indoor area where you desire illumination and USB charging. Ensure the area is dry and free from obstructions.
3. **Plug In:** Insert the Miffy Night Light directly into a standard 127V AC wall outlet. The device is designed for wall mounting.
4. **Initial Power On:** The night light features a built-in photodetector. It will automatically turn on when the ambient light is low and turn off when the room is sufficiently lit.

OPERATING INSTRUCTIONS

Night Light Function

The Miffy Night Light is equipped with a photodetector. Once plugged into a wall outlet, it will automatically sense the ambient light levels.

- In low light conditions (e.g., at dusk or in a dark room), the LED light will automatically illuminate.
- In sufficient light conditions (e.g., at dawn or when room lights are on), the LED light will automatically turn off.

USB Charging Function

The night light features two USB outlets (1A and 2.1A) for charging compatible electronic devices.

1. Connect your device's USB charging cable to one of the USB ports on the Miffy Night Light.
2. The 2.1A port is suitable for faster charging of devices like tablets, while the 1A port is ideal for smartphones and smaller devices.
3. Ensure your device is compatible with the provided USB power output.

MAINTENANCE

- **Cleaning:** Unplug the device from the wall outlet before cleaning. Wipe the surface with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the night light in a cool, dry place away from direct sunlight and extreme temperatures.
