Hiccapop HP-ITB

Hiccapop Inflatable Toddler Travel Bed with Safety Bumpers

Model: HP-ITB | Brand: Hiccapop

INTRODUCTION

The Hiccapop Inflatable Toddler Travel Bed is designed for portability and safety, providing a comfortable sleeping solution for toddlers at home or while traveling. This manual provides essential information for the proper setup, operation, maintenance, and care of your inflatable toddler bed.

SETUP INSTRUCTIONS

1. Unpacking

- Remove the inflatable toddler bed, electric turbo pump, and XL travel bag from the packaging.
- Unroll the bed and lay it flat on a clean, level surface, ensuring there are no sharp objects underneath.

2. Inflation

1. Locate the air valve on the bed.
2. Select the appropriate nozzle size for the electric turbo pump that fits snugly into the bed's air valve.
3. Insert the pump nozzle into the air valve and turn on the pump. The bed should inflate in under 30 seconds.
4. Once fully inflated and firm, turn off the pump and securely close the air valve cap to prevent air leakage.

inflates fast

- packs small • sets up fast
- sleeps comfortably

Perfect for:

Travel

Camping

Sleepovers

Fits standard
crib sheets.

Quick-release valve
for fast deflation

OPERATING INSTRUCTIONS

1. Using the Bed

- Ensure the bed is placed on a flat, stable surface away from heat sources or sharp objects.
- The bed is designed for toddlers transitioning from a crib. It is suitable for children over 24 months old.

2. Safety Bumpers

The Hiccapop Inflatable Toddler Bed features 4-sided safety bumpers that are 25% taller and longer than many competitors. These bumpers help prevent your child from rolling off the bed during sleep, providing added security and peace of mind.

3. Sheet Compatibility

The mattress portion of the inflatable bed is designed to fit all standard crib sheets and blankets, allowing for easy

bedding changes and familiar comfort for your child.

great sleep on the go

hotel rooms, camping, sleepovers & grandma's house

- **Inflates fast**
- **Stays firm all night**
- **4-sided Safety bumpers**
- **BPA Free, Non-Toxic vinyl**

MAINTENANCE

1. Cleaning

- The bed is made of waterproof vinyl and velvet flocked material. For cleaning, use a damp cloth and mild soap.
- Product care instructions specify "Hand Wash Only." Do not machine wash or use harsh chemicals.
- Allow the bed to air dry completely before deflating and storing.

2. Deflation and Storage

- Open the air valve and allow the air to escape. You can use the pump's deflate function for faster deflation.
- Once deflated, fold and roll the bed neatly.

- Store the bed and pump in the provided XL travel bag in a cool, dry place away from direct sunlight and extreme temperatures.

3. Patch Kit Use

In case of minor punctures, a patch kit is included. Clean the area around the puncture, apply the patch firmly, and allow it to cure according to the patch kit instructions before re-inflating the bed.

worry-free features

4 Extra-tall Safety Sided Bumpers

Helps prevent rolling out, keeping little sleepers secure

Puncture-Resistant Vinyl

Thick, reinforced construction for confident travel

Waterproof & Easy to Clean

Accidents wipe clean fast so bedtime stays stress-free

TROUBLESHOOTING

1. Air Leakage

- **Check Valve Cap:** Ensure the air valve cap is securely closed after inflation.
- **Inspect for Punctures:** Examine the bed surface for any small holes or tears. Use the included patch kit for repairs.
- **Reinforced Weld-Seams:** The bed features reinforced weld-seams designed to prevent leakage. If a leak is

suspected along a seam, contact customer support.

2. Pump Malfunction

- **Power Connection:** Ensure the electric turbo pump is properly plugged into a working power outlet.
- **Nozzle Fit:** Verify that the correct nozzle is used and securely attached to both the pump and the bed's valve.
- **Voltage Compatibility:** Note that the included pump may not be compatible outside of the USA due to voltage differences.
