ASUS WI503Q-GL-DB

ASUS ZenWatch 3 WI503Q-GL-DB User Manual

Model: WI503Q-GL-DB | Brand: ASUS

1. INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your ASUS ZenWatch 3 WI503Q-GL-DB. The ZenWatch 3 is a 1.39-inch circular AMOLED Smart Watch featuring a dark brown leather strap, designed to seamlessly integrate with your daily life. It runs on Android OS 6.0.1 (Android Wear) and is compatible with Android 4.3+ devices, offering advanced connectivity with Wi-Fi and Bluetooth 4.1.

2. WHAT'S IN THE BOX

Upon unboxing your ASUS ZenWatch 3, please ensure all the following items are present:

- ASUS ZenWatch 3 WI503Q-GL-DB Smart Watch
- Magnet Pogo Charging Cable
- Quick Start Guide
- Parts and Features Guide
- Warranty Guide

3. SETUP

3.1 Initial Charging

Before first use, fully charge your ZenWatch 3. Connect the magnet pogo charging cable to the charging port on the back of the watch and plug the USB end into a compatible power adapter (not included) or computer USB port. The watch features ASUS-exclusive HyperCharge technology, allowing for a 60% charge in just 15 minutes.

3.2 Pairing with Your Smartphone

To utilize the full functionality of your ZenWatch 3, pair it with an Android smartphone (Android 4.3 or later) or an iPhone (iOS 8.2 or later). Download the "Wear OS by Google" app (formerly Android Wear) from the Google Play Store or Apple App Store. Follow the on-screen instructions within the app to complete the pairing process via Bluetooth 4.1.

3.3 Wi-Fi Connectivity

The ZenWatch 3 includes built-in Wi-Fi (802.11BGN) to extend its range and connectivity with your phone, even when Bluetooth is out of range. Configure Wi-Fi settings through the Wear OS app on your paired smartphone.

4. OPERATING INSTRUCTIONS

4.1 Display and Navigation

The 1.39-inch circular AMOLED touch screen (400x400 resolution, 287 ppi) is protected by Corning Gorilla Glass 3. Navigate the interface using touch gestures (swipes, taps) and the customizable multiple button design. The watch also supports Smart Gesture control for scrolling through apps and pages.

5. MAINTENANCE

5.1 Water Resistance

The ZenWatch 3 is IP67 water resistant, protecting it against water immersion up to 1 meter for 30 minutes. This means it is suitable for everyday use and can withstand splashes or brief immersion. However, it is not recommended for swimming or showering.

5.2 Cleaning

To clean your watch, gently wipe the display and casing with a soft, lint-free cloth. For the leather strap, avoid excessive moisture and harsh chemicals. Allow the strap to air dry if it gets wet.

6. TROUBLESHOOTING

For common issues and their solutions, please refer to the detailed troubleshooting section in the official User Manual, specifically on **pages 15-16**. If you encounter problems not covered in the manual, please contact ASUS customer support.
