## ASSEMBLY INSTRUCTIONS: BUILDING THE CHRISTMAS TREE

Follow these steps to construct your PLUS PLUS Christmas Tree. Refer to the included printed guide for detailed visual instructions. The pieces connect by sliding the 'plus' shapes into each other.

### General Connection Method

Each PLUS PLUS piece has two 'plus' shaped ends. To connect two pieces, align one 'plus' end of the first piece with an

open 'plus' end of the second piece and gently push them together until they interlock securely. Pieces can be connected side-by-side, end-to-end, or at angles to create various shapes and structures.
