NOW Foods Portable USB Ultrasonic Aromatherapy Oil Diffuser (Model 7485) Instruction Manual

PRODUCT OVERVIEW

The NOW Solutions Portable USB Oil Diffuser combines scientific innovation with aromatherapy to provide a portable, BPA-free diffuser. It uses high-frequency ultrasonic electrical vibrations to create an ultra-fine mist, preserving essential oil integrity. Designed for convenience, it features automatic shut-off and up to 6 hours of quiet operation, making it suitable for home, office, or travel.

Features

Extremely Quiet
Easy to Clean
Just Add Tap Water and Essential Oils
Cool Steam
No Heat Involved/No Risk of Burns
Automatically Shuts Off
BPA-Free
Runs up to 6 Hrs
Great for Home or Office
1 Year Warranty
Rotating LED Lights
Includes Portable Carrying Case
Touch Sensor Technology

Specifications

Model 7485
Color Gray Cover and Base
Misting Modes Continuous/Off
Light Modes Color Rotating/Fixed/Off
Run Time Up to 6 hours
Water Capacity 60 ml./2 fl. oz.
Coverage Up to 400 sq. ft.
Power USB DC 5V
Dimensions 3"l x 3"w x 4.25"h

CAUTION: Keep away from children and pets.
USB Cable included, power adapter not included.
*Not all USB ports in vehicles provide power.

SETUP INSTRUCTIONS

1. **Connect Power:** Plug the provided USB cable into the port at the bottom of the diffuser. Connect the other end to a compatible USB power source (power adapter not included).
2. **Remove Lid:** Gently lift the top cover of the diffuser to access the water reservoir.
3. **Add Water and Essential Oils:** Fill the water reservoir with tap water up to the red fill line (approximately 60

ml / 2 fl. oz.). Add 5 drops of your favorite essential oil. For a stronger aroma, you may add more drops.

4. **Replace Lid:** Securely place the top cover back onto the diffuser.

OPERATING INSTRUCTIONS

The diffuser features touch sensor technology for easy operation. The power button is located on the front of the device.

1. **Power On (Continuous Mist with Rotating Lights):** Press the power button once. The diffuser will begin emitting a continuous mist, and the LED lights will cycle through various colors.
2. **Continuous Mist (Lights Off):** Press the power button a second time. The diffuser will continue to mist, but the LED lights will turn off.
3. **Power Off:** Press the power button a third time to turn off both the mist and the lights.

MAINTENANCE

To ensure optimal performance and longevity of your diffuser, regular cleaning is recommended. The diffuser is designed for easy cleaning.

- Always unplug the diffuser before cleaning.
- Empty any remaining water from the reservoir.
- Wipe the inside of the water reservoir with a soft cloth or sponge.
- For stubborn residue, a small amount of white vinegar can be used, followed by a thorough rinse with clean water.
- Do not immerse the entire unit in water.

- Allow all parts to dry completely before reassembling or storing.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Diffuser does not turn on.	USB cable not properly connected; water reservoir overfilled; no power from USB source.	Ensure USB cable is securely plugged into both the diffuser and a working USB power source. Check water level; if overfilled, empty some water.
No mist or weak mist.	Insufficient water; water level too high; ultrasonic plate dirty; diffuser not level.	Add water to the fill line. Ensure water is not above the fill line. Clean the ultrasonic plate gently with a cotton swab. Place diffuser on a flat, stable surface.
Lights not working.	Light mode is off; internal malfunction.	Cycle through the operating modes by pressing the power button to activate the lights. If still not working, contact customer support.

SPECIFICATIONS

- **Model:** 7485
- **Color:** Light Grey
- **Misting Modes:** Continuous/Off
- **Light Modes:** Color Rotating/Fixed/Off
- **Run Time:** Up to 6 hours
- **Water Capacity:** 60 ml / 2 fl. oz.
