Hot Wheels '67 CHEVELLE SS 396

Hot Wheels 2010 '67 Chevelle SS 396 Die-Cast Model Instruction Manual

INTRODUCTION

Welcome to your Hot Wheels '67 Chevelle SS 396 die-cast model. This manual provides essential information for the care and enjoyment of your collectible vehicle. Please read these instructions carefully to ensure the longevity and pristine condition of your model.

PRODUCT OVERVIEW

The Hot Wheels '67 Chevelle SS 396 is a meticulously crafted die-cast replica, part of the 2010 New Models series. This model features a teal finish and 5-spoke wheels, designed for display and light imaginative play. Its durable construction ensures it can be a cherished part of any collection.

SETUP AND UNBOXING

Your Hot Wheels model comes ready for display or play directly from its packaging. No assembly is required.

- Carefully remove the vehicle from its blister packaging, taking care not to damage the model or its paint finish.
- Inspect the model for any manufacturing defects or shipping damage upon removal.

OPERATION AND DISPLAY

This die-cast model is intended for collection, display, and imaginative play. It does not require batteries or complex controls.

- **For Display:** Place the model on a flat, stable surface away from direct sunlight, excessive heat, or humidity to prevent material degradation or paint fading.
- **For Play:** Gently roll the vehicle on smooth, clean surfaces. Avoid excessive force, dropping, or impact to prevent damage to the wheels, axles, or body.

MAINTENANCE AND CARE

Proper care will preserve the condition and appearance of your die-cast model for years to come.

- **Cleaning:** Use a soft, dry, lint-free cloth to gently wipe away dust. For stubborn dirt, slightly dampen the cloth with plain water; avoid harsh chemicals, abrasive cleaners, or solvents as these can damage the paint or plastic components.
- **Storage:** Store the model in a cool, dry place. The original packaging can provide excellent protection from dust and accidental damage. If displaying, ensure it is in a secure location where it won't be easily knocked over.
- **Handling:** Always handle the model by its main body. Avoid gripping delicate parts such as mirrors, spoilers, or antennas, if present, as these can be fragile.

TROUBLESHOOTING

Die-cast models are generally robust, but minor issues can occasionally occur.

- **Loose Wheel:** If a wheel becomes loose, it may be possible to gently press it back onto its axle. If it detaches completely, it may require a small amount of adhesive for reattachment, or professional repair if the axle is damaged.
- **Paint Chips/Scratches:** Small paint chips or scratches can occur with rough handling or impact. These are typically cosmetic and do not affect the model's structural integrity or play functionality.

PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Hot Wheels
Model	'67 Chevelle SS 396
Year Series	2010 New Models
Material	Die Cast

Feature	Detail
Product Dimensions	7 x 5 x 2 inches
