

Eurom HEAT AND BEAT

Eurom Heat and Beat Black Patio Heater Instruction Manual

Model: HEAT AND BEAT (334579)

1. INTRODUCTION

This manual provides essential instructions for the safe and efficient operation, installation, and maintenance of your Eurom Heat and Beat Black Patio Heater. This innovative outdoor heater combines effective heating with integrated Bluetooth speakers and customizable LED lighting, all controllable via a smartphone app or remote control. Please read this manual thoroughly before use and retain it for future reference.

2. SAFETY INSTRUCTIONS

Important: Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and injury.

- Ensure the power supply voltage matches the rating label on the heater.
- This appliance is designed for outdoor use only. Do not use indoors.
- Keep flammable materials (e.g., furniture, curtains, paper) at a safe distance from the heater.
- Do not operate the heater with a damaged cord or plug. If the cord is damaged, it must be replaced by the manufacturer, its service agent, or similarly qualified persons to avoid a hazard.
- Always unplug the heater before cleaning or performing any maintenance.
- Do not touch the heating element when the heater is in operation or immediately after it has been switched off.
- This heater is equipped with overheat protection. If the heater overheats, it will automatically shut off. Unplug the unit, allow it to cool, and then plug it back in.
- Ensure the electrical plug is suitable for your region's electrical outlets. An appropriate adapter may be required for certain regions (e.g., a 3-pin adapter for UK outlets).
- Do not immerse the heater in water or other liquids.
- Keep children and pets away from the heater during operation.

3. PRODUCT FEATURES

- **Heating Element:** Low-glare golden lamp for efficient heating with minimal light emission.
- **Dimmable Heat:** Continuously dimmable heating output for optimal comfort.
- **Integrated Audio:** High-quality 3-inch stereo speakers for wireless music streaming via Bluetooth.

- **LED Lighting:** Full-color LED background lighting for ambiance.
- **Control Options:** Operable via a dedicated smartphone app (iOS and Android) or the included remote control.
- **Construction:** Durable, high-quality aluminum finish.
- **Safety:** Equipped with overheat protection.

Image 1: Angled view of the Eurom Heat and Beat heater, showcasing its design and the warm glow of the heating element.

4. PACKAGE CONTENTS

Upon unpacking, please ensure all items are present and undamaged:

- Eurom Heat and Beat Patio Heater
- Remote Control
- Mounting Hardware (for wall installation)
- Instruction Manual (this document)

5. SETUP AND INSTALLATION

The Eurom Heat and Beat heater is designed for wall mounting. Ensure the mounting surface is sturdy and capable of supporting the heater's weight (approximately 4.7 kg).

1. **Choose Location:** Select a suitable outdoor location, ensuring adequate clearance from flammable materials and protection from direct rain. The heater is rated for outdoor use.

2. Mounting:

- Using the provided mounting hardware, securely attach the heater to a wall. Refer to the mounting bracket instructions for specific details.
- Ensure the heater is mounted horizontally and at a height where the heat can be effectively distributed without posing a burn risk.

3. Power Connection:

- Connect the power cable to a suitable outdoor electrical outlet.
- **Important:** Verify that the plug type is compatible with your local electrical standards. If necessary, use a certified adapter.

6. OPERATING INSTRUCTIONS

The heater can be operated using the included remote control or via the dedicated smartphone app.

6.1. Using the Remote Control

- **Power On/Off:** Press the power button to switch the heater on or off.
- **Heat Adjustment:** Use the '+' and '-' buttons to increase or decrease the heating intensity. The low-glare golden lamp is continuously dimmable.
- **LED Control:** Specific buttons on the remote may control the LED background lighting (refer to remote diagram in separate manual if available).
- **Bluetooth Control:** The remote may offer basic controls for the Bluetooth speaker (e.g., play/pause, volume).

6.2. Bluetooth Audio Streaming

1. Ensure the heater is powered on.
2. Activate Bluetooth on your smartphone or other audio device.
3. Search for available Bluetooth devices and select "Eurom Heat and Beat" (or similar name).
4. Once paired, you can stream music wirelessly through the integrated speakers.

7. APP CONTROL

The Eurom Heat and Beat heater can be fully controlled using a dedicated smartphone application, available for both iOS and Android devices.

1. **Download App:** Search for the "Eurom Heat and Beat" app (or similar, check product packaging for exact name) in your device's app store (Apple App Store for iOS, Google Play Store for Android).
2. **Install and Open:** Install the app and open it on your smartphone.
3. **Connect via Bluetooth:**
 - Ensure your heater is powered on and Bluetooth is enabled on your smartphone.
 - The app should automatically detect or allow you to search for the heater.
 - Follow the on-screen prompts to pair your device with the heater.
4. **Control Functions:** Once connected, the app allows you to:
 - Adjust heating intensity (dimming).
 - Change the color and mode of the LED background lighting.
 - Control music playback through the Bluetooth speakers.

Image 3: A smartphone displaying the Eurom app, showing controls for dimming the heater and indicating a Bluetooth connection.

Image 4: A smartphone displaying the Eurom app's color wheel interface for selecting and customizing the LED background lighting.

8. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your heater.

- **Cleaning:**

- Before cleaning, always switch off the heater and unplug it from the power outlet. Allow it to cool completely.

- Wipe the exterior surfaces with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Do not spray water directly onto the heater.
- **Storage:** If storing the heater for an extended period, ensure it is clean and dry. Store it in a cool, dry place, preferably in its original packaging.
- **Inspection:** Periodically inspect the power cord and plug for any signs of damage. If damage is found, do not use the heater and contact qualified personnel for repair.

9. TROUBLESHOOTING

Problem	Possible Cause	Solution
Heater does not turn on.	No power supply; Overheat protection activated; Damaged power cord/plug.	Check power outlet and plug connection. Unplug, allow to cool, then replug. Inspect cord for damage; if damaged, seek professional repair.
No heat output or weak heat.	Heating element not fully engaged; Dimmer setting too low.	Ensure heater is fully powered on. Increase heat intensity using remote or app.
Bluetooth speaker not connecting.	Bluetooth not enabled on device; Heater not in pairing mode; Device too far.	Ensure Bluetooth is on. Check if heater is discoverable. Move device closer to heater. Try restarting both devices.
LED lighting not working.	LED function off; Malfunction.	Check LED settings via app or remote. If problem persists, contact support.

10. SPECIFICATIONS

Model Name	HEAT AND BEAT
Model Number	334579
Brand	Eurom
Power Output	2000W
Voltage	230V (2.3E+2 Volts)
Power Source	Electric Cable
Dimensions (L x W x H)	740 x 130 x 135 mm
Weight	4.7 kg
Color	Black
Special Features	Overheat Protection, Dimmable Heat, Bluetooth Speaker, Multicolor LED-Backlight
Usage Environment	Outdoor
Mounting Type	Wall Mount

11. WARRANTY AND SUPPORT

For warranty information, please refer to the documentation provided at the time of purchase or contact your retailer. For technical support or service inquiries, please contact Eurom customer service directly. Keep your proof of purchase for warranty claims.
