# allen + roth 3-Light Merington Aged Bronze Standard Bathroom Vanity Light Instruction Manual

Model: VBS271-3NABZ

## IMPORTANT SAFETY INFORMATION

Please read and understand this entire manual before attempting to assemble, operate, or install the product. Failure to follow these instructions may result in electric shock, fire, or other injuries that can be hazardous or even fatal.

- Always disconnect power at the main circuit breaker before beginning installation.
- Consult a qualified electrician if you have any electrical questions.
- All wiring connections must be in accordance with local and national electrical codes.
- Ensure all connections are secure and properly insulated.
- This fixture is designed for indoor use only.

## SETUP AND INSTALLATION

This section provides step-by-step instructions for the proper installation of your vanity light fixture.

### Tools Required (Not Included):

- Phillips screwdriver
- Flathead screwdriver
- Wire strippers
- Electrical tape
- Safety glasses

### Package Contents:

- Fixture body (A)
- Glass shades (B) - 3 pieces
- Mounting hardware kit (C)

**Figure 1:** The allen + roth 3-Light Merington Aged Bronze Standard Bathroom Vanity Light. This image displays the fixture's dark bronze finish bar with three cylindrical frosted glass shades, designed for wall mounting.

## Installation Steps:

1. **Turn off Power:** Locate the circuit breaker that supplies power to the light fixture outlet box. Turn the breaker to the OFF position.
2. **Prepare Mounting:** Attach the mounting bracket (from kit C) to the electrical outlet box using the provided screws. Ensure the bracket is securely fastened.
3. **Wire Connections:**
  - Connect the **green or bare copper ground wire** from the fixture to the **green or bare copper ground wire** from the outlet box.
  - Connect the **white wire** from the fixture to the **white (neutral) wire** from the outlet box.
  - Connect the **black wire** from the fixture to the **black (hot) wire** from the outlet box.
  - Secure all wire connections with wire nuts and wrap with electrical tape for added safety.
4. **Mount Fixture:** Carefully align the fixture body (A) with the mounting bracket and secure it using the decorative nuts or screws provided.
5. **Install Shades and Bulbs:**
  - Screw in the appropriate light bulbs (not included, E26 base, max 60W incandescent or equivalent LED) into the sockets.
  - Attach the glass shades (B) to the fixture by screwing them onto the socket rings or securing them as per the design.
6. **Restore Power:** Turn the circuit breaker back to the ON position.

## OPERATING INSTRUCTIONS

The allen + roth Merington Vanity Light is designed for simple operation.

- **Power On/Off:** Operate the light fixture using the standard wall switch connected to the circuit.
- **Dimmable Feature:** This fixture is dimmable. To utilize this feature, ensure you have installed dimmable bulbs and connected the fixture to a compatible dimmer switch (sold separately).
- **Light Source:** Uses three E26 base bulbs. For optimal performance and energy efficiency, consider using LED bulbs.

## MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your vanity light.

- **Cleaning:**
  - Always turn off power before cleaning.
  - Wipe the fixture with a soft, dry cloth.
  - Do not use abrasive cleaners, solvents, or polishes as they may damage the finish.
  - Clean glass shades with a mild glass cleaner and a soft cloth.
- **Bulb Replacement:**
  - Ensure power is off and bulbs are cool before replacing.
  - Unscrew old bulbs and screw in new E26 base bulbs (max 60W incandescent or equivalent LED).

## TROUBLESHOOTING

If you encounter issues with your vanity light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	Power is off at the breaker. Loose wire connections. Faulty bulb.	Check the circuit breaker and turn it ON. Verify all wire connections are secure (turn off power first). Replace the bulb.
Light flickers.	Loose bulb. Incorrect bulb type for dimmer. Loose wire connection.	Tighten the bulb. Ensure dimmable bulbs are used with a dimmer switch. Check wire connections (turn off power first).
Fixture hums.	Incompatible dimmer switch or bulbs.	Ensure dimmer switch and bulbs are compatible with each other and the fixture.

If the problem persists after attempting these solutions, consult a qualified electrician.

## PRODUCT SPECIFICATIONS

Brand	allen + roth
Model Number	VBS271-3NABZ
Fixture Type	Vanity Light
Finish	Aged Bronze
Material	Bronze
Number of Lights	3
Bulb Base	E26
Max Wattage per Bulb	60 Watts (Incandescent)
