GULICX Ruby-Color Red Jewelry Set User Manual

Model: T028c

INTRODUCTION

This user manual provides essential information for the care and use of your GULICX Silver Plated Base Ruby-Color Red 3-Piece Jewelry Set. This set includes a necklace, a bracelet, and a pair of earrings, designed for various occasions such as weddings and parties. Please read this manual carefully to ensure the longevity and beauty of your jewelry.

PRODUCT OVERVIEW

The GULICX Ruby-Color Red Jewelry Set features a silver-plated base adorned with ruby-color cubic zirconia stones. Each piece is crafted to complement the others, creating a cohesive and elegant look.

Figure 1: The complete GULICX Ruby-Color Red Jewelry Set, including necklace, bracelet, and earrings.

Figure 2: The necklace component of the set, featuring multiple ruby-color pear-shaped stones.

Figure 3: A close-up view of the bracelet, showcasing its individual ruby-color stones and silver-plated links.

Figure 4: The drop earrings, each featuring three ruby-color pear-shaped stones.

Components:

- **Necklace:** An 18-inch silver-plated chain adorned with multiple ruby-color cubic zirconia stones. Features a secure clasp.
- **Bracelet:** A matching silver-plated bracelet with ruby-color cubic zirconia stones and a secure closure.
- **Earrings:** A pair of drop earrings, each featuring three ruby-color cubic zirconia stones, designed for pierced ears.

SETUP

The GULICX jewelry set is ready to wear directly from its packaging. No assembly is required.

1. **Unpackaging:** Carefully remove each piece of jewelry from its protective packaging. It is recommended to store the original packaging for future use or travel.
2. **Inspection:** Before wearing, inspect each piece for any signs of damage or loose stones. Ensure clasps on the necklace and bracelet are functioning correctly and earring posts are straight.

OPERATING (WEARING)

Wearing your GULICX jewelry set is straightforward. Follow these steps for comfortable and secure wear.

Wearing the Necklace:

- Hold the necklace with both hands, locating the clasp and the ring.
- Wrap the necklace around your neck.
- Engage the clasp securely into the ring. Ensure it clicks or locks into place.

Wearing the Bracelet:

- Place the bracelet around your wrist.
- Connect the clasp mechanism. For optimal comfort, ensure it is not too tight or too loose.

Wearing the Earrings:

- Gently insert the earring post through your earlobe piercing.
- Secure the earring back onto the post. Ensure it is snug but not overly tight to avoid discomfort.

Important: Avoid wearing jewelry during strenuous activities, showering, swimming, or sleeping to prevent damage or loss.

MAINTENANCE

Proper care will help maintain the luster and appearance of your GULICX jewelry set.

Cleaning:

- **Regular Cleaning:** After each wear, gently wipe the jewelry with a soft, lint-free cloth to remove oils and dirt.
- **Deep Cleaning:** For a deeper clean, use a mild soap solution (e.g., dish soap) and warm water. Gently brush with a soft toothbrush, rinse thoroughly, and dry completely with a soft cloth.
- **Avoid Chemicals:** Do not use harsh chemicals, abrasive cleaners, or ultrasonic cleaners, as these can damage the silver plating and cubic zirconia stones.

Storage:

- Store jewelry in a cool, dry place, away from direct sunlight and humidity.
- Keep each piece separate to prevent scratching and tangling. Use the original jewelry box or a soft pouch.

General Care Tips:

- Apply perfumes, lotions, and hairsprays before putting on your jewelry.
- Remove jewelry before engaging in household chores, gardening, or any activity that could expose it to chemicals or physical impact.

TROUBLESHOOTING

This section addresses common concerns you might encounter with your jewelry.

Problem	Possible Cause	Solution
Jewelry appears dull or tarnished.	Exposure to air, moisture, skin oils, or chemicals.	Clean with a soft cloth or mild soap and water. Store in an airtight bag or box when not in use.
Skin irritation or discoloration.	Allergic reaction to metal (though silver-plated, some base metals may cause reactions), or residue on jewelry.	Clean the jewelry thoroughly. If irritation persists, discontinue use. Consult a dermatologist if necessary.
Clasp or earring back is loose.	Wear and tear, or slight bending.	Gently adjust the clasp or earring back. If severely damaged, professional repair may be required.
