Eve 10027813

Eve Energy Smart Plug & Power Meter User Manual

Model: 10027813 | Brand: Eve

1. INTRODUCTION

The Eve Energy Smart Plug & Power Meter is designed to enhance your home's intelligence by providing control over connected appliances and insights into their energy consumption. Leveraging Apple HomeKit technology and Bluetooth Low Energy, it offers a secure and user-friendly experience without the need for a dedicated hub or gateway.

With Eve Energy, you can switch devices on or off with a simple tap or Siri voice command, set up automated schedules, and monitor real-time power usage. This manual provides detailed instructions for setting up, operating, and maintaining your Eve Energy Smart Plug.

2. PRODUCT OVERVIEW

The Eve Energy Smart Plug is a compact device that plugs directly into a standard wall outlet. It features a single power outlet for connecting your appliance and a small LED indicator for status.

3. SETUP INSTRUCTIONS

1. **Plug In:** Insert the Eve Energy Smart Plug into a standard wall outlet.
2. **Connect Appliance:** Plug the appliance you wish to control into the Eve Energy Smart Plug.
3. **Download App:** Download the Eve app from the Apple App Store on your iPhone or iPad.
4. **Add Device:** Open the Eve app and follow the on-screen instructions to add your Eve Energy. You will typically scan the HomeKit setup code located on the device or its packaging.
5. **Bluetooth Connection:** Ensure your iPhone or iPad's Bluetooth is enabled, as Eve Energy connects directly via Bluetooth Low Energy. No separate bridge or gateway is required.

For a visual guide on setup and functionality, please refer to the official product video below:

Video 1: Official product video demonstrating the Eve Energy Smart Plug's features, including setup, app control, and energy monitoring.

4. OPERATING INSTRUCTIONS

4.1. App Control

Once set up, you can control your Eve Energy directly from the Eve app or the Apple Home app. Simply tap the device icon to toggle power on or off.

4.2. Voice Control (Siri)

Use Siri to control your connected appliances with voice commands. Ensure your device is named

appropriately in the Home app (e.g., "Living Room Lamp").

- "Hey Siri, turn on the Living Room Lamp."
- "Hey Siri, turn off the fan."

4.3. Schedules and Automation

Create custom schedules within the Eve app or Apple Home app to automate your devices. You can set appliances to turn on or off at specific times, sunrise/sunset, or based on other HomeKit accessories.

- Open the Eve app.
- Navigate to the 'Scenes' or 'Automations' section.
- Follow the prompts to create new rules for your Eve Energy.

4.4. Power Monitoring

The Eve Energy Smart Plug provides real-time and historical data on the power consumption of connected devices. View current wattage, projected monthly cost, and total consumption over time within the Eve app.

- Open the Eve app.
- Select your Eve Energy device.
- View detailed consumption statistics and graphs.

The following video demonstrates the Matter Smart Plug's compatibility with various smart home ecosystems and voice control features, which are also applicable to Eve Energy:

5. MAINTENANCE

- **Cleaning:** Unplug the device before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or sprays.
- **Environment:** For indoor use only. Avoid exposure to extreme temperatures, humidity, or direct sunlight.
- **Handling:** Do not disassemble or attempt to repair the device. Refer to qualified service personnel for any issues.

6. TROUBLESHOOTING

- **Device Unresponsive:**
 - Ensure the Eve Energy is securely plugged into the wall outlet.
 - Check if the connected appliance is powered on and functioning correctly.
 - Verify that your iPhone/iPad's Bluetooth is active and within range of the Eve Energy.
 - Restart the Eve app or Apple Home app.
- **Schedules Not Activating:**
 - Confirm that the schedules are correctly configured in the Eve or Home app.
 - Ensure your HomeKit hub (e.g., Apple TV, HomePod, or always-on iPad) is online and within range for remote access and automation.
- **Connectivity Issues:**

- Reduce interference by moving the Eve Energy away from other electronic devices.
- If using a HomeKit hub, ensure it is centrally located and has a stable connection.

7. SPECIFICATIONS

Feature	Detail
Manufacturer	Eve Systems LLC
Part Number	10027813
Item Weight	3.04 ounces
Product Dimensions	2.6 x 1.9 x 2.6 inches
Item Model Number	10027813
Color	white
Style	Energy
Material	copper
Item Package Quantity	1
Mounting Type	Surface Mount
Included Components	Eve Energy, Quick Start Guide, Sealing label, Sticker (4)
Batteries Included?	No
Batteries Required?	No
ASIN	B01M3PK5WH
Date First Available	October 14, 2016

8. WARRANTY AND SUPPORT
