WACACO Minipresso NS

WACACO Minipresso NS Portable Espresso Machine

Instruction Manual

1. INTRODUCTION

The WACACO Minipresso NS is a compact, manually operated espresso machine designed for portability. It allows users to prepare authentic espresso using compatible NS capsules without the need for electricity or batteries. This manual provides detailed instructions for the setup, operation, maintenance, and troubleshooting of your Minipresso NS.

2. COMPONENTS AND WHAT'S IN THE BOX

Your WACACO Minipresso NS comes with several components designed for ease of use and portability. Familiarize yourself with each part before operation.

Figure 2: Disassembled Minipresso NS components

- **Main Body:** Contains the semi-automatic piston and capsule piercing mechanism.
- **Water Tank:** Holds boiling water for brewing.
- **Portafilter:** Holds the NS capsule.
- **Espresso Cup:** Serves as a protective cap and a cup for your espresso.
- **Cleaning Brush:** For maintenance.
- **Carrying Pouch:** For convenient transport.

3. SETUP AND OPERATING INSTRUCTIONS

Follow these steps to prepare and brew espresso with your Minipresso NS.

Preparation:

1. **Remove the Espresso Cup:** Pull the espresso cup from the top of the Minipresso.
2. **Unscrew the Portafilter:** Twist and remove the portafilter from the main body.
3. **Insert NS Capsule:** Place a compatible NS capsule into the portafilter.

Figure 4: Inserting an NS capsule

4. **Screw on Portafilter:** Screw the portafilter back onto the main body. Ensure it is tightened firmly to properly pierce the capsule and prevent leakage.
5. **Unscrew Water Tank:** Twist and remove the water tank from the main body.
6. **Fill with Boiling Water:** Fill the water tank with boiling water up to the indicated line (70 ml / 2.35 fl oz capacity). The Minipresso NS does not heat water.

Figure 5: Filling the water tank with boiling water

7. **Screw on Water Tank:** Screw the water tank back onto the main body, ensuring a tight seal.

Brewing Espresso:

8. **Unlock the Piston:** Twist the semi-automatic piston counter-clockwise to unlock it. The piston will extend.
9. **Position for Extraction:** Hold the Minipresso NS over the espresso cup.
10. **Pump to Extract:** Begin pumping the piston repeatedly to extract the espresso. The device delivers 8 bars of pressure for a rich shot. Continue pumping until no more liquid comes out.

4. MAINTENANCE AND CLEANING

Proper maintenance ensures the longevity and optimal performance of your Minipresso NS.

- **After Each Use:** Disassemble all parts (espresso cup, water tank, main body, portafilter). Rinse thoroughly with warm water.
- **Cleaning Brush:** Use the provided cleaning brush to remove any coffee residue from the portafilter and internal components.
- **Drying:** Allow all parts to air dry completely before reassembling or storing.
- **Dishwasher Safety:** The Minipresso NS is **NOT** dishwasher safe. Hand wash only.
- **Storage:** Store the device in its carrying pouch in a dry place.

5. TROUBLESHOOTING

If you encounter issues with your Minipresso NS, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No espresso or weak extraction	Portafilter not screwed on tightly, capsule not pierced correctly, or insufficient pumping.	Ensure portafilter is firmly tightened. Pump with consistent, firm pressure.
Water leakage during pumping	Loose connections or damaged seals.	Check that all parts are screwed on tightly. Inspect O-rings and seals for damage and replace if necessary.
Espresso is cold	Water used was not boiling hot.	Always use freshly boiled water for optimal espresso temperature.
Difficulty cleaning	Coffee residue in small parts.	Disassemble completely and use the provided brush to clean all crevices. Rinse thoroughly.

6. SPECIFICATIONS

- **Brand:** WACACO
- **Model Name:** Minipresso NS Series
- **Color:** Black
- **Product Dimensions:** 2.75"D x 6.88"W x 2.35"H
- **Item Weight:** 10.2 ounces
- **Capacity:** 70 Milliliters
- **Operation Mode:** Manual
- **Pressure:** 8 Bar / 116 PSI (average)
- **Compatible Coffee Pods:** Nespresso Original capsules and most compatibles
- **Is Dishwasher Safe:** No
- **Manufacturer:** Wacaco Co Ltd
