**DHP 4090039**

# DHP Astoria Metal and Upholstered Daybed/Sofa Bed with Included Trundle

Model: 4090039 | Brand: DHP

## PRODUCT OVERVIEW

The DHP Astoria Metal and Upholstered Daybed with Trundle offers a modern and practical solution for various living spaces. Its robust metal frame and faux leather upholstery provide both durability and a sleek aesthetic. This daybed is ideal for accommodating overnight guests, serving as extra seating, or optimizing space in smaller rooms. The integrated rolling trundle bed conveniently stores beneath the main frame when not in use, offering an additional sleeping surface.

### Key Features:

- Modern design with a strong metal frame and faux leather upholstery.
- Includes a rolling trundle bed for additional sleeping space.
- Accommodates two standard twin size mattresses (sold separately).
- No additional foundation required.
- Ships in one easy-to-handle box for convenient delivery.

## SAFETY INFORMATION

Please read and understand all instructions before assembling and using this product. Failure to follow these instructions may result in injury or damage.

- **Weight Limits:** The main daybed has a weight limit of 400 lbs. The trundle bed has a weight limit of 225 lbs. Do not exceed these limits.
- **Assembly:** Ensure all parts are securely fastened before use. Periodically check and re-tighten all connections.
- **Placement:** Place the daybed on a flat, level surface. Avoid placing near heat sources or open flames.
- **Children:** Supervise children when they are using the daybed and trundle. Do not allow jumping on the bed.
- **Mattress Size:** Use only twin-size mattresses that fit properly within the frame.
- **Proposition 65 Warning:** This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

## PACKAGE CONTENTS

Before beginning assembly, ensure all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Daybed Frame Components (Headboard, Footboard, Side Rails)
- Trundle Bed Frame Components
- Metal Slats for Daybed and Trundle
- Faux Leather Upholstered Panels
- Hardware Pack (screws, bolts, washers, Allen key, wrench)
- Assembly Instructions Manual

## ASSEMBLY INSTRUCTIONS

Assembly of the DHP Astoria Daybed is designed to be straightforward. We recommend two people for assembly to ensure ease and safety.

### Before You Begin:

- Clear a spacious area for assembly, preferably on a carpeted surface to prevent scratching.
- Unpack all components and lay them out, identifying each part against the parts list in the included manual.
- Keep all hardware organized and within reach.

### Step-by-Step Assembly (General Guidance):

1. Attach the upholstered panels to the headboard and footboard sections.
2. Connect the side rails to the headboard and footboard, ensuring all bolts are finger-tight initially.
3. Assemble the trundle bed frame separately, attaching its wheels.
4. Insert the metal slats into both the main daybed frame and the trundle frame. Ensure the plastic clips are

## MAINTENANCE AND CARE

Proper care will extend the life and appearance of your DHP Astoria Daybed.

- **Cleaning the Frame:** Wipe the metal frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Cleaning Upholstery:** For the faux leather upholstery, wipe with a damp cloth and mild soap if necessary. Blot dry. Do not use excessive water or harsh cleaning agents.
- **Regular Checks:** Periodically inspect all bolts and connections to ensure they remain tight. Re-tighten as needed to maintain stability.
- **Mattress Care:** Follow the care instructions provided by your mattress manufacturer. Rotate and flip mattresses regularly to ensure even wear.

## TROUBLESHOOTING

If you encounter any issues with your DHP Astoria Daybed, refer to the table below for common problems and solutions.

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose bolts or uneven assembly.	Check all bolts and connections; tighten securely. Ensure the daybed is on a level surface.
Trundle does not slide smoothly.	Wheels are obstructed or damaged; uneven floor.	Clear any debris from the wheels. Check wheels for damage. Ensure the floor is level.
Squeaking noises.	Loose connections or friction between metal parts.	Tighten all bolts. Apply a small amount of silicone lubricant to contact points if necessary.
Slats are not staying in place.	Plastic clips not fully engaged.	Ensure all plastic clips are fully pressed down and secured onto the metal frame.
