WeatherTech 449713

WeatherTech Custom Fit FloorLiners Instruction Manual

Model: 449713
Brand: WeatherTech

Introduction

The WeatherTech Custom Fit FloorLiners for the Honda Ridgeline (2nd Row, Model 449713) are advanced vehicle floor protection solutions designed to provide complete interior coverage. These FloorLiners are precisely engineered using laser measurements to ensure a perfect fit for your vehicle's floorboard, offering protection against dirt, debris, and spills.

Product Features

- **Custom Fit:** Laser-measured for a perfect fit, ensuring total coverage of your vehicle's floor.
- **Advanced Surface Design:** Features channels that direct fluids and debris to a lower reservoir, minimizing movement while driving.
- **Durable Material:** Constructed from a patented High-Density Tri-Extruded (HDTE) composite, providing a rigid core for strength and a tactile feel. This material resists cracking, warping, and is wear-resistant.
- **Comprehensive Protection:** Offers protection for the front, back, and even up the sides of the vehicle's floor.
- **Made in the USA:** Proudly designed, engineered, and manufactured with American-made tooling.

Setup and Installation

Installing your WeatherTech FloorLiners is a straightforward process. Ensure your vehicle's floor is clean and free of any existing mats or debris before installation.

1. Remove any old floor mats from the vehicle's second row.
2. Carefully position the WeatherTech FloorLiner into the second-row footwell.
3. Gently slide the liner into place, ensuring it fits snugly against all contours of the floorboard.
4. Secure the FloorLiner using your vehicle's existing retention devices or any supplemental devices provided by WeatherTech, if applicable.
5. Always verify that the installed FloorLiner does not interfere with the full operation of any vehicle pedals (e.g., accelerator, brake, clutch).

Operating and Usage

Once installed, your WeatherTech FloorLiners provide continuous protection for your vehicle's interior. The advanced design ensures that spills, dirt, and debris are contained within the liner, preventing them from reaching your vehicle's carpet.

The rigid core and precise fit ensure the liners stay in place, offering reliable coverage during daily use and various driving conditions. This helps to preserve the cleanliness and resale value of your vehicle.

Maintenance

Maintaining your WeatherTech FloorLiners is simple and helps prolong their lifespan and effectiveness.

1. Remove the FloorLiner from your vehicle.
2. Shake off any loose dirt or debris.
3. For a thorough cleaning, rinse the FloorLiner with water. For stubborn dirt or stains, use a mild soap or WeatherTech's FloorLiner and FloorMat Cleaner (sold separately) and a soft brush.
4. Rinse thoroughly with water to remove all soap residue.
5. Allow the FloorLiner to air dry completely before reinstalling it in your vehicle.

Troubleshooting

WeatherTech FloorLiners are designed for durability and a precise fit. If you encounter any issues, consider the following:

- **Improper Fit:** Double-check that the FloorLiner is correctly positioned and secured. Ensure no obstructions are preventing it from sitting flush. Verify the model number matches your vehicle's year, make, and model.
- **Slipping:** Ensure the retention devices are properly engaged. The patented material is designed to offer surface friction to the carpet, but proper installation is key.
- **Deformation:** While designed to resist warping, extreme temperatures or improper storage can affect shape. If minor deformation occurs, placing the liner in direct sunlight for a short period can sometimes help it regain its original shape.

For further assistance, please contact WeatherTech customer support.

Specifications

Attribute	Detail
Brand	WeatherTech
Model Number	449713
Coverage Area	2nd Row Under-Seat Cargo Area
Color	Black (also available in Tan, Grey, Cocoa)
Material	Patented High-Density Tri-Extruded (HDTE)
Country of Origin	USA
Compatibility	Select 2017-2025 Honda Ridgeline Models
