BONTEC MTR-B2

BONTEC MTR-B2 2-Tier Wood Monitor Stand Riser Instruction Manual
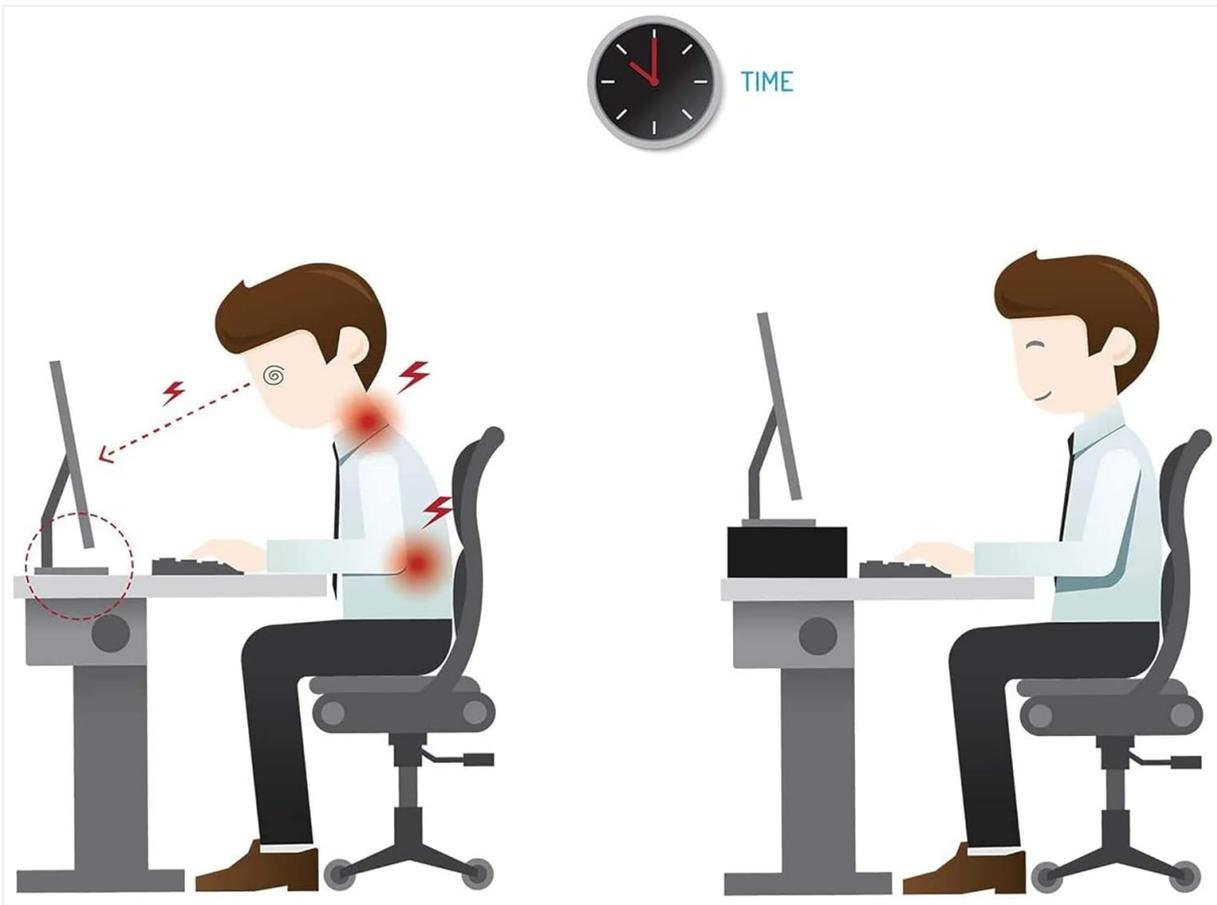

Model: MTR-B2 | Brand: BONTEC

INTRODUCTION

This manual provides instructions for the assembly, operation, and maintenance of your BONTEC MTR-B2 2-Tier Wood Monitor Stand Riser. This product is designed to elevate your monitor to an ergonomic height, reduce neck and back strain, and organize your workspace with its integrated storage and cable management features.

PRODUCT FEATURES

- **Premium Quality Materials:** Constructed from eco-friendly MDF wood with a smooth finish for durability and stability.
- **Ergonomic Design:** Elevates your screen by 5.6 inches to eye level, promoting healthier posture and reducing strain.
- **Spacious 2-Tier Storage:** Provides ample space (21.3 inches wide) for laptops, keyboards, and other desk essentials.
- **Integrated Cable Management:** Features a built-in system and cellphone holder to keep your workspace organized and clutter-free.
- **Easy Assembly:** Designed for quick and straightforward assembly.
- **Stable Design:** Includes soft rubber feet to ensure stability and protect your desk surface.

ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your BONTEC MTR-B2 Monitor Stand Riser. A screwdriver is required (not included).

1. **Step 1: Attach Connecting Screws to Top Shelf.** Insert 4 connecting screws (Type A) into the pre-drilled holes on the underside of the top shelf board. Ensure they are securely fastened.

2. **Step 2: Attach Wooden Dowels to Side Supports.** Insert 2 wooden dowels (Type C) into the corresponding holes on the inner side of each side support board.

3. **Step 3: Connect Side Supports to Middle Shelf.** Align the middle shelf board with the wooden dowels on the side support boards. Secure the middle shelf to the side supports using 2 cam locks (Type B) on each side. Turn the cam locks clockwise until tight.

4. **Step 4: Attach Top Shelf to Assembled Base.** Align the top shelf (with connecting screws from Step 1) with the holes on the top edges of the assembled side and middle shelves. Secure the top shelf using the remaining 2 cam locks (Type B) on each side. Turn clockwise until tight.

5. **Step 5: Apply Rubber Feet.** Attach the 6 rubber feet (Type D) to the bottom corners and center of the stand to prevent scratching and ensure stability.

6. **Step 6: Install Cable Management Clip.** Attach the cable management clip (Type E) to the desired

side of the stand for organizing cables.

Note: Do not overtighten screws to avoid damaging the wood.

OPERATING INSTRUCTIONS

Your BONTEC MTR-B2 Monitor Stand Riser is designed for versatile use to enhance your workspace.
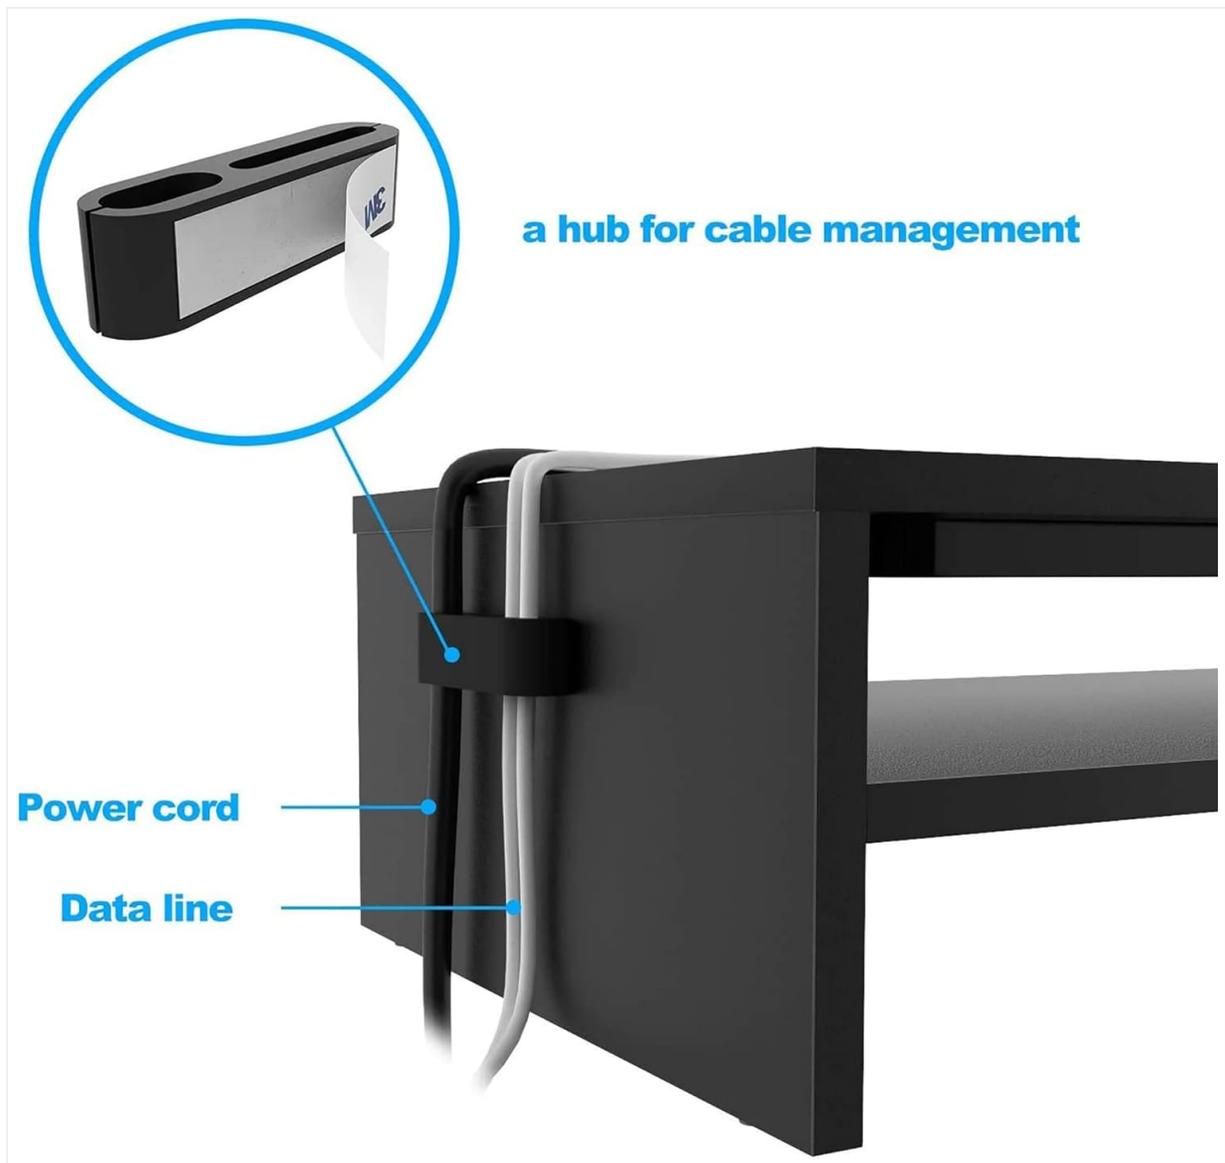

- **Monitor Placement:** Place your monitor securely on the top surface of the stand. Ensure the monitor's base fits within the dimensions of the stand.
- **Keyboard Storage:** Utilize the space beneath the middle shelf to store your full-size keyboard when not in use, freeing up desk space.
- **Accessory Storage:** The middle shelf and side compartments are ideal for organizing notebooks, pens, external hard drives, or other small office supplies.
- **Cellphone Holder:** Use the integrated slot on the top surface to hold your cellphone upright. The slot is designed to allow charging cables to pass through for convenience.
- **Cable Management:** Route power cords and data lines through the attached cable management clip to keep them tidy and prevent tangles.

Figure 4: Organized Workspace. This image demonstrates the monitor stand in a typical setup, showcasing how it elevates the monitor and provides organized storage for various desk items.

Figure 5: Phone Holder and Stability. A detailed view of the integrated cellphone holder, showing a phone being charged, and the non-slip rubber feet at the base of the stand.

Figure 6: Cable Management. This image highlights the cable management clip attached to the side of the stand, effectively organizing power and data cables.

◆ Fit Full-Size Keyboard

Figure 7: Keyboard Storage. The image shows a full-size keyboard neatly stored in the lower tier of the monitor stand, demonstrating efficient use of space.

MAINTENANCE

To ensure the longevity and appearance of your monitor stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the finish.
- **Dusting:** Regularly dust the stand to prevent buildup.
- **Stability Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Avoid Excessive Weight:** Do not exceed the maximum load capacity of 66 pounds (30 kg) to prevent damage or instability.
- **Protect from Moisture:** Keep the stand away from excessive moisture or direct sunlight to prevent warping or discoloration of the wood.
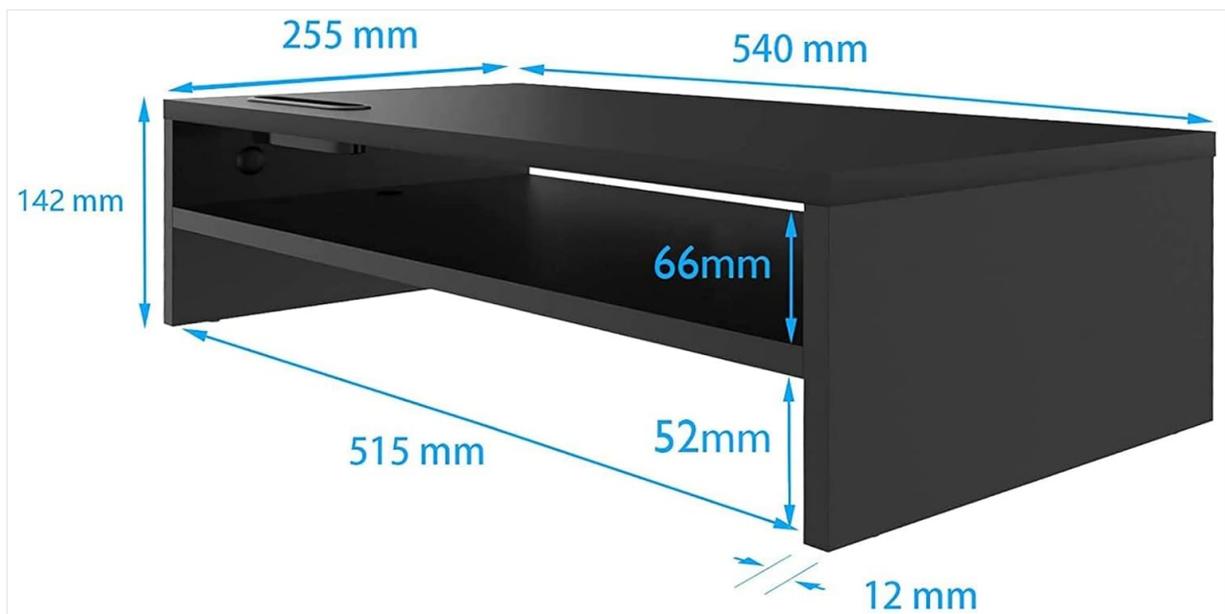

TROUBLESHOOTING

If you encounter any issues with your BONTEC MTR-B2 Monitor Stand Riser, refer to the following common solutions:

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Stand is wobbly or unstable.	Screws are loose; uneven surface; missing rubber feet.	Ensure all connecting screws and cam locks are tightened. Place the stand on a flat, stable surface. Verify all rubber feet are attached.
Difficulty during assembly.	Incorrect part orientation; missing hardware.	Review the assembly instructions and diagrams carefully. Ensure parts are oriented correctly. Check package contents against the list. Do not force parts together.
Monitor does not fit on the stand.	Monitor base is too large for the stand's top surface.	Verify your monitor's base dimensions against the stand's top surface dimensions (21.26 x 10.04 inches).
