Secura HB-3227B

Secura Original Stainless Steel Double Wall Electric Water Kettle 1.8 Quart (Model HB-3227B) Instruction Manual

Introduction

Thank you for choosing the Secura Original Stainless Steel Double Wall Electric Water Kettle, Model HB-3227B. This kettle is designed for efficient and safe water boiling, featuring a 100% stainless steel interior to ensure water never contacts plastic. Its double-wall construction keeps the exterior cool to the touch and helps maintain water temperature longer. Please read this manual thoroughly before use to ensure proper operation and maintenance.
Key features include:

- 100% stainless steel interior: Water level lines are inside the kettle. No plastic or glue contacts the water, ensuring safe, healthy drinking water.
- BPA-Free Cool Touch Exterior: Double-wall construction prevents scalding hazards and saves energy.
- 1.7 Liter / 1.8 Quart Capacity: Boils water quicker and keeps it warm longer.
- British Strix control: Ensures durability and reliability.
- Auto Shut-Off & Boil-Dry Protection: For enhanced safety.

Setup

1. **Unpack:** Carefully remove all packaging materials and inspect the kettle for any damage.
2. **Clean:** Before first use, fill the kettle with clean water to the MAX line. Boil the water, then discard it. Repeat this process 2-3 times to remove any manufacturing residues.

3. **Placement:** Place the power base on a dry, flat, stable surface away from the edge of the counter. Ensure the power cord is not dangling where it can be pulled or tripped over.
4. **Power Connection:** Plug the power base into a grounded electrical outlet.

Operating Instructions

1. **Fill the Kettle:** Press the button on the handle to open the lid. Fill the kettle with the desired amount of water. Do not fill below the MIN mark or above the MAX mark (1.7 liters).
2. **Close the Lid:** Close the lid securely until it clicks into place.
3. **Place on Power Base:** Place the kettle firmly onto its power base.
4. **Start Boiling:** Flip the ON/OFF switch located at the bottom of the handle downwards to the 'ON' position. The indicator light will illuminate, signaling that the kettle is heating.
5. **Automatic Shut-Off:** The kettle will automatically switch off once the water has reached a rolling boil. The indicator

light will turn off.

6. **Pouring:** Carefully lift the kettle from the base and pour the hot water. The cool-touch exterior ensures safe handling.

Maintenance

Regular cleaning and descaling will prolong the life of your Secura electric kettle.

- **Cleaning the Exterior:** Wipe the exterior of the kettle with a soft, damp cloth. Do not use abrasive cleaners or scouring pads.
- **Cleaning the Interior:** The interior is 100% stainless steel and can be cleaned by hand. Ensure the kettle is unplugged and cooled before cleaning.
- **Descaling:** Mineral deposits (limescale) can build up over time, especially in hard water areas. To descale:

a. Fill the kettle with a mixture of water and white vinegar (e.g., 1:1 ratio) or a commercial descaling solution, ensuring it does not exceed the MAX line.
b. Let it soak for a few hours (or as directed by the descaling solution).
c. Boil the mixture, then discard it.
d. Rinse the interior thoroughly with fresh water several times.
e. For stubborn deposits, gently scrub with a non-abrasive brush or sponge.

Troubleshooting

Problem	Possible Cause	Solution
Kettle does not turn on.	Not plugged in; switch not engaged; no water; boil-dry protection activated.	Check power connection; ensure switch is ON; add water; allow kettle to cool down.

Problem	Possible Cause	Solution
Water not boiling.	Insufficient water; lid not closed properly.	Ensure water is above MIN line; close lid securely.
Kettle switches off too soon.	Limescale buildup.	Descale the kettle as per maintenance instructions.
Unusual taste in water.	New kettle residue; limescale buildup.	Perform initial cleaning steps again; descale the kettle.

Specifications

- **Brand:** Secura
- **Model Name:** HB-3227B
- **Capacity:** 1.7 Liters (1.8 Quarts)
- **Material:** Plastic (exterior), Stainless Steel (100% interior)
- **Color:** Orange
- **Product Dimensions:** 6.29"L x 5.51"W x 10.24"H
- **Item Weight:** 3.49 pounds (1.59 Kilograms)
- **Special Feature:** Manual operation, Auto Shut-Off, Boil-Dry Protection, Cool Touch Exterior
- **Power:** 120V, 60Hz (typical for US market)
- **Cable Length:** 3 Feet
- **Care Instructions:** Hand Wash (for interior cleaning)
