Note: Batteries and a separate instruction manual are not included with this product.

3. Setup

3.1 Battery Installation

To power your remote control, you will need to install two AAA batteries (not included).

1. Locate the battery compartment cover on the back of the remote control.
2. Press down on the tab and slide the cover downwards to open the compartment.
3. Insert two AAA batteries, ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.

4. Slide the battery compartment cover back into place until it clicks securely.

Back view of the remote control. The battery compartment cover is visible at the bottom, designed for easy access. Above the compartment, a label provides product support details.

3.2 Initial Use

This replacement remote control is pre-programmed and does not require any additional setup or coding. Once batteries are installed, it is ready for immediate use with compatible Insignia LED LCD HDTV models.

1. Point the remote control directly at your Insignia TV.
2. Press the Power button to turn on your TV.
3. Test other functions such as Volume, Channel, and Menu to ensure full compatibility.

4. Operating Instructions

4.1 General Operation

The remote control functions identically to your original Insignia TV remote. Each button corresponds to its labeled function (e.g., Power, Volume Up/Down, Channel Up/Down, Input, Menu, etc.). Ensure a clear line of sight between the remote's infrared emitter and the TV's IR receiver for optimal performance.

4.2 Compatible TV Models

This remote control is compatible with the following Insignia LED LCD HDTV models:

- NS40D510NA15
- NS-42D510NA15
- NS48D510NA15
- NS-50D40SNA14
- NS65D550NA15

5. Maintenance

5.1 Battery Replacement

Replace batteries when the remote's response becomes inconsistent or stops working. Always replace both batteries simultaneously with new AAA batteries. Do not mix old and new batteries, or different types of batteries.

5.2 Cleaning

To clean the remote control, use a soft, dry cloth. For stubborn dirt, lightly dampen the cloth with water. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the remote's surface or internal components.

6. Troubleshooting

- **Remote not responding:**
  Ensure batteries are installed correctly with the correct polarity. Replace old batteries with new ones. Check for any obstructions between the remote and the TV's IR receiver.
- **Some buttons not working:**
  This remote is pre-programmed. If specific buttons are not functioning, ensure your TV model is listed as compatible. If issues persist, contact support.
- **Short operating range:**
  Replace batteries. Ensure there are no strong light sources (like direct sunlight or bright fluorescent lights) interfering with the IR signal.
