> Braun Electric Razor for Men With Precision Beard Trimmer, Rechargeable, Wet & Dry Foil Shaver, Clean & Charge Station & Travel Case, Silver, 3 Piece Set 9370cc Shaver

## Braun 9370cc Shaver

# Braun Series 9 9370cc Electric Shaver Instruction Manual

Model: 9370cc Shaver

Brand: Braun

## PRODUCT OVERVIEW

The Braun Series 9 9370cc is a premium electric foil shaver designed for men, offering a close and comfortable shave. It features 5 synchronized shaving elements, advanced sonic technology, and an intelligent autosensing motor to efficiently capture more hair in a single stroke. This 100% waterproof razor is built for both wet and dry use, allowing for shaving with foam, gel, or even in the shower. Its durable design ensures a lifespan of up to 7 years, with a precision trimmer reinforced with Titanium coating for detailed styling.

## PACKAGE CONTENTS

Your Braun Series 9 9370cc Shaver package includes the following items:

- Braun Series 9 9370cc Electric Shaver
- 5-in-1 Clean & Charge Station
- Cleaning Cartridge
- Travel Case
- Smart Plug
- Cleaning Brush

# What's included:

**Electric shaver**

**Travel case**

**5-in-1 SmartCare Center**

**Cleaning cartridge**

**Cleaning brush**

**Charging cable**

This image displays all components included in the Braun Series 9 9370cc Shaver set: the electric shaver, a travel case, the 5-in-1 SmartCare Center, a cleaning cartridge, a charging cable, and a cleaning brush.

## INITIAL SETUP

### Charging the Shaver

Before first use, fully charge your shaver.

1. Connect the Smart Plug to the Clean & Charge Station.
2. Place the shaver into the Clean & Charge Station. The battery indicator lights on the shaver will illuminate to show charging progress. A full charge takes approximately 60 minutes and provides up to 50 minutes of cordless shaving. A quick 5-minute charge is sufficient for one shave.

### Preparing the Clean & Charge Station

The Clean & Charge Station automatically cleans, lubricates, dries, and charges your shaver.

1. Press the lift button on the side of the station to open it.
2. Insert a Braun cleaning cartridge into the station until it clicks into place.
3. Close the station by pressing down the lid until it locks.

This official Braun video highlights the key features of the Series 9 shaver, demonstrating its efficiency and gentle performance. It shows the shaver in action, adapting to facial contours for a thorough shave.

## SHAVING GUIDE

### General Shaving Tips

For optimal results, shave before taking a shower.

- Stretch your skin and shave against the direction of beard growth.
- Always hold the shaver at a right angle (90 degrees) to your skin.
- Maintain even pressure for a thorough and comfortable shave.

### Wet & Dry Use

The Braun Series 9 is 100% waterproof. You can use it dry, with shaving foam or gel, or even under the shower for a refreshing experience.

### Using the Precision Trimmer

The integrated precision trimmer is ideal for shaping sideburns, mustaches, or beards.

1. Simply slide the trimmer upwards to activate it.
2. Use the trimmer for precise styling and detailing.

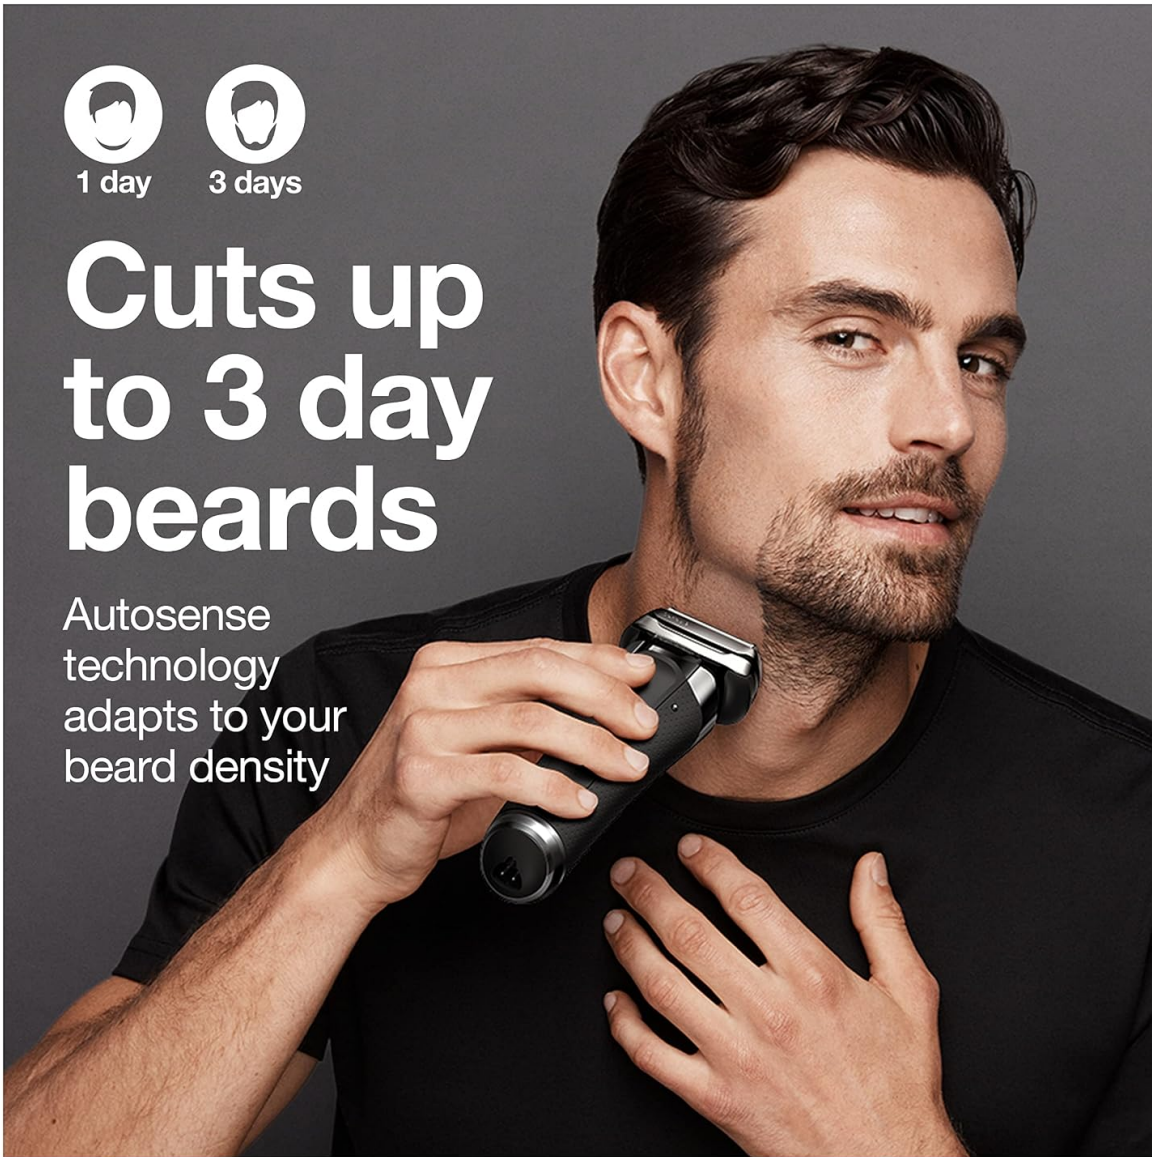

1 day

## CLEANING AND CARE

### Automatic Cleaning with Clean & Charge Station

For ultimate convenience, use the 5-in-1 Clean & Charge station to automatically clean, lubricate, dry, and charge your shaver.

1. After shaving, place the shaver head-down into the Clean & Charge Station.
2. Press the power button on the station to initiate the cleaning cycle. The station will hygienically clean, lubricate, and dry the shaver, ensuring it performs like new every day.

### Manual Cleaning

For quick cleaning, you can rinse the shaver head under running water.

1. Detach the shaver head from the body.
2. Rinse the shaver head and the shaver body under warm running water.
3. Use the cleaning brush to remove any remaining hair particles.
4. Allow both parts to air dry completely before reassembling.

## Replacing Shaver Parts

To maintain optimal shaving performance, it is recommended to replace the shaver head (foil and cutter block) every 18 months. Replace the cleaning cartridge in the charging base every 2 months.

This image visually explains the four functions of the SmartCare cleaning center: it cleans, lubricates, charges, and dries the shaver, ensuring optimal performance.

# For a shaver like new everyday

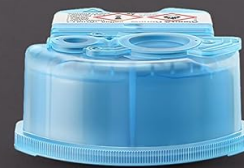

Replace every 18 months

Shaver handle built to last, every day, for up to 7 years

Replace cleaning cartridge in the charging base every 2 months

This infographic provides clear instructions on when to replace shaver components: the shaver head should be replaced every 18 months, and the cleaning cartridge in the charging base every 2 months.

## TROUBLESHOOTING COMMON ISSUES

If you experience any issues with your Braun Series 9 shaver, please refer to the following common solutions:

- **Shaver not turning on:** Ensure the shaver is fully charged. If using the Clean & Charge Station, verify it is properly plugged in.
- **Reduced shaving performance:** The shaver head (foil and cutter block) may need to be replaced. It is recommended to replace it every 18 months. Ensure the shaver is clean and free of hair debris.
- **Irritation after shaving:** Ensure you are shaving against the grain and holding the shaver at a 90-degree angle. Consider using the shaver with foam or gel for a gentler experience.
- **Clean & Charge Station not operating:** Check if the cleaning cartridge is correctly inserted and if the station is plugged into a power outlet.

For further assistance, please contact Braun customer support.
