Introduction

This user manual provides general information regarding the Union Of Pharmaceut Sciences Ripristin Nasal Spray. This product features an improved and complete formula, designed for portable use, and is created with the latest generation technology. For specific usage instructions, always refer to the product's packaging and label.

Safety Information and Warnings

Important: The product packaging may contain information that differs from what is shown on our website. Please always read the label, warnings, and instructions provided on the product before using or consuming it.

- Do not exceed the recommended dosage.
- Consult a healthcare professional if symptoms persist or worsen.
- Keep out of reach of children.
- Store in a cool, dry place, away from direct sunlight.

Product Overview

Image showing the Ripristin Nasal Spray product, including the 30ml bottle and its blue and white packaging box. The box displays the product name "RIPRISTIN spray nasale" and "30 ml e". The bottle also shows the same branding.

The Ripristin Nasal Spray comes in a 30ml bottle, designed for easy and precise application. The packaging includes detailed information regarding its use and ingredients.

Ingredients

The ingredients for Ripristin Nasal Spray are standard. For a complete list of ingredients and their concentrations, please refer to the product label on the packaging.

Setup

Before first use, ensure the product packaging is intact and undamaged. Remove the protective cap from the spray nozzle. It is recommended to prime the pump by spraying a few times into the air until a fine mist appears. This ensures proper dosage delivery.

Operating Instructions

1. Gently blow your nose to clear nasal passages.
2. Shake the bottle gently before each use.
3. Insert the nozzle into one nostril, aiming slightly towards the back of the head.
4. Close the other nostril with your finger.
5. Press down firmly and quickly on the pump while inhaling gently through the nostril.
6. Remove the nozzle and breathe normally.
7. Repeat for the other nostril if directed by the product label or a healthcare professional.
8. Replace the protective cap after use.

Always follow the specific dosage and frequency instructions provided on the product label or as advised by your doctor.

Maintenance

To maintain hygiene and ensure proper function:

- After each use, wipe the nozzle with a clean tissue.
- Do not rinse the nozzle with water, as this may affect the product's integrity.
- Store the product upright with the cap securely in place.
- Do not share your nasal spray with others to prevent the spread of germs.

Troubleshooting

- **No mist or weak spray:** Ensure the nozzle is not clogged. Re-prime the pump by spraying into the air until a fine mist appears. If the issue persists, the bottle may be empty.
- **Irritation after use:** If you experience discomfort or irritation, discontinue use and consult a healthcare professional.
- **Product expiration:** Do not use the product past its expiration date printed on the packaging.
