Markslojd Plan 106647 LED Pendant Lamp User Manual

Model: 106647 | Brand: Markslojd

INTRODUCTION

This manual provides essential information for the safe installation, operation, and maintenance of your Markslojd Plan 106647 LED Pendant Lamp. Please read these instructions thoroughly before attempting any installation or use to ensure proper function and safety. Keep this manual for future reference.

Image: The Markslojd Plan 106647 LED Pendant Lamp, showcasing its modern, rectangular design in white, suspended from the ceiling.

SETUP AND INSTALLATION

The Markslojd Plan 106647 LED Pendant Lamp requires assembly and ceiling mounting. Professional installation is recommended. Always ensure the main power supply is disconnected before beginning any installation work.

Safety Precautions

- Disconnect power at the main circuit breaker before installation.
- Ensure the mounting surface can support the weight of the lamp.

- Do not connect the lamp to an ungrounded electrical system.
- Handle the lamp with care to avoid damage to the integrated LED components.

Installation Steps

1. **Prepare the Mounting Location:** Identify the desired ceiling location. Ensure there are no hidden electrical wires or pipes.
2. **Attach Mounting Bracket:** Secure the lamp's mounting bracket to the ceiling using appropriate screws and anchors (not included, choose based on ceiling material).
3. **Electrical Connection:** Connect the lamp's electrical wires to the household wiring. Typically, this involves connecting the live (L), neutral (N), and ground (E) wires. Refer to local electrical codes for proper wiring. The lamp operates on 230V.
4. **Secure the Lamp Body:** Carefully attach the lamp body to the mounting bracket, ensuring it is securely fastened and stable.
5. **Adjust Suspension Height:** If adjustable, set the desired suspension height of the pendant lamp.
6. **Restore Power:** Once installation is complete and all connections are secure, restore power at the main circuit breaker.

OPERATING INSTRUCTIONS

The Markslojd Plan 106647 LED Pendant Lamp is designed for straightforward operation.

Turning On/Off

- The lamp is controlled by a standard wall switch connected to its power supply.
- Flip the wall switch to the 'ON' position to illuminate the lamp.
- Flip the wall switch to the 'OFF' position to turn off the lamp.

This lamp features an integrated LED light source, which is not user-replaceable.

MAINTENANCE

Regular cleaning will help maintain the appearance and performance of your Markslojd Plan 106647 LED Pendant Lamp.

Cleaning

- Always disconnect the power supply to the lamp before cleaning.
- Use a soft, dry, or slightly damp cloth to wipe the surfaces of the lamp.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish and materials.
- Ensure the lamp is completely dry before restoring power.

LED Light Source

The LED light source in this luminaire is integrated and cannot be replaced by the user. If the LED light source reaches the end of its life, the entire luminaire should be replaced or serviced by a qualified professional.

TROUBLESHOOTING

If you encounter issues with your Markslojd Plan 106647 LED Pendant Lamp, refer to the following common troubleshooting steps.

Lamp Does Not Turn On

- **Check Power Supply:** Ensure the main power supply to the lamp is active and the wall switch is in the 'ON' position.
- **Circuit Breaker:** Verify that the circuit breaker for the lighting circuit has not tripped. Reset if necessary.

- **Wiring Connections:** If recently installed, ensure all electrical connections are secure and correctly wired. If unsure, consult a qualified electrician.
- **Integrated LED:** Since the LED is integrated, it is not user-replaceable. If the above steps do not resolve the issue, the lamp may require professional inspection or replacement.

Flickering Light

- **Power Fluctuations:** Minor power fluctuations can sometimes cause flickering.
- **Loose Connections:** Check for any loose wiring connections at the lamp or switch. Disconnect power before checking.
- **Incompatible Dimmer:** If a dimmer switch is used, ensure it is compatible with LED lighting. This lamp may not be dimmable unless explicitly stated.

For persistent issues or concerns beyond these basic troubleshooting steps, please contact a qualified electrician or the retailer for assistance.

SPECIFICATIONS

Detailed technical specifications for the Markslojd Plan 106647 LED Pendant Lamp.

Model Name	PLAN
Manufacturer Part Number	106647
Brand	Markslojd
Type	Pendant Lamp
Style	Modern
Color	White
Material	Aluminum, Plastic
Light Source	Integrated LED
Power	1 x 30 W LED
Input Voltage	230 Volts
