Mainstays Kardin 28-Inch Outdoor Fire Pit User Manual

Model: MS46-001-001-00

1. INTRODUCTION

Thank you for purchasing the Mainstays Kardin 28-Inch Outdoor Fire Pit. This manual provides essential information for the safe assembly, operation, and maintenance of your fire pit. Please read all instructions carefully before use and retain this manual for future reference.

2. IMPORTANT SAFETY INFORMATION

Failure to follow these safety instructions may result in fire, property damage, or personal injury.

- **Outdoor Use Only:** This fire pit is designed for outdoor use only. Do not use indoors or in any enclosed area.
- **Approved Fuel:** Always use with approved fuel, such as seasoned firewood. Do not use gasoline, kerosene, diesel fuel, lighter fluid, or alcohol to start or rekindle a fire.
- **Clearance:** Maintain proper clearance from combustible materials. Place the fire pit on a non-combustible, level surface at least 10 feet (3 meters) away from buildings, trees, and other flammable objects.
- **Ventilation:** Ensure adequate ventilation. Do not obstruct the airflow around the fire pit.
- **Never Leave Unattended:** Never leave a burning fire pit unattended. Always ensure the fire is completely extinguished before leaving the area.
- **Children and Pets:** Keep children and pets at a safe distance from the fire pit at all times.
- **Spark Guard:** Always use the spark guard mesh lid to contain sparks and embers.
- **Hot Surfaces:** The fire pit will become extremely hot during use. Do not touch hot surfaces with bare hands. Use a poker or heat-resistant gloves when handling the spark guard or moving logs.
- **Extinguishing Fire:** Have a fire extinguisher, garden hose, or bucket of sand readily available in case of emergency.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, do not attempt to assemble or use the fire pit. Contact customer support for assistance.

- 28-inch Fire Pit Bowl
- Spark Guard Mesh Lid
- Lid Lift Tool
- Hardware Bag (containing bolts, washers, nuts, etc.)
- PVC All-Weather Cover
- Assembly Instructions (this manual)

4. ASSEMBLY INSTRUCTIONS

Assembly is straightforward and requires basic tools, typically included in the hardware bag. It is recommended to assemble the fire pit on a soft, clean surface to prevent scratching.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Attach Legs:** Securely attach the legs to the fire pit bowl using the provided hardware from the hardware bag. Ensure all bolts are tightened firmly.
3. **Assemble Spark Guard (if necessary):** Some spark guards may require minor assembly, such as attaching a handle. Follow any specific instructions provided for the spark guard.
4. **Final Check:** Once assembled, ensure the fire pit is stable and all connections are secure.

5. OPERATING INSTRUCTIONS

Follow these steps for safe operation of your fire pit:

1. **Placement:** Position the fire pit on a level, non-combustible surface, maintaining safe distances from all flammable materials.
2. **Fuel:** Place a small amount of dry, seasoned firewood in the center of the fire pit bowl. Do not overfill.
3. **Ignition:** Use a long-stemmed lighter or match to ignite the fuel. Never use flammable liquids.
4. **Spark Guard:** Once the fire is lit, carefully place the spark guard mesh lid over the fire pit bowl using the lid lift tool.
5. **Monitoring:** Always supervise the fire. Use the lid lift tool to adjust logs or add more fuel as needed.
6. **Extinguishing:** Allow the fire to burn down naturally. If you need to extinguish it quickly, use sand or water, ensuring all embers are completely out before leaving the area.

6. MAINTENANCE

Proper maintenance will extend the life of your fire pit.

- **Cleaning:** After the fire pit has completely cooled, remove ash and debris. Use a stiff brush to clean the bowl and spark guard. Do not use harsh chemicals or abrasive cleaners.
- **Rust Prevention:** The fire pit features a high-temperature heat-resistant finish, but exposure to moisture can still lead to rust over time. To minimize rust, keep the fire pit dry.
- **Storage:** When not in use, especially during inclement weather or off-season, cover the fire pit with the provided PVC all-weather cover. Store in a dry location if possible.
- **Inspection:** Periodically inspect all components for signs of wear, damage, or loose connections. Tighten any loose hardware.

7. TROUBLESHOOTING

Here are some common issues and their solutions:

- **Difficulty Assembling:** Ensure all parts are correctly oriented according to the diagrams (if available) and that you are using the correct hardware for each step. Do not overtighten bolts until all components are loosely fitted.
- **Fire Not Starting/Burning Well:** Ensure the wood is dry and seasoned. Avoid using damp or green wood. Ensure there is adequate airflow around the fuel.
- **Rust Appears:** Rust can occur, especially if the fire pit is frequently exposed to moisture. Clean affected areas with a wire brush and consider applying a high-temperature rust-resistant paint suitable for outdoor use. Always use the all-weather cover when not in use.
- **Spark Guard Damage:** If the spark guard becomes warped or damaged, it should be replaced to ensure safety.

8. SPECIFICATIONS

Feature	Specification
Model Number	MS46-001-001-00
Material	Alloy Steel
Finish Type	Decor, Steel
Shape	Round
Item Weight	36 Pounds
Product Dimensions	36 x 36 x 28 inches
Fuel Type	Wood
Color	Black
