Sluban SLB-0511-01

Sluban AH-64 Apache Helicopter Building Blocks Toy Instruction Manual

Model: SLB-0511-01

Introduction

This manual provides detailed instructions for assembling and understanding the features of your Sluban AH-64 Apache Helicopter building blocks set. Designed for enthusiasts aged 6 years and up, this set allows you to construct a realistic model with functional elements.

Safety Information

- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years.
- Ensure all pieces are securely connected during assembly and play to prevent detachment.
- Keep packaging materials away from children to avoid suffocation risks.

What's in the Box

- 293 Building Block Pieces
- 1 Sluban Soldier Doll
- 1 Instruction Manual
- 1 Sticker Sheet

Assembly Instructions

Follow the included printed instruction manual step-by-step to assemble your AH-64 Apache Helicopter. It is recommended to sort the pieces by type and color before beginning assembly. Pay close attention to the diagrams for correct placement of each block.

1. **Preparation:** Unpack all components. Separate the building blocks into categories (e.g., by size, color, or function) to facilitate easier assembly. Refer to the parts list in your printed manual to ensure all 293 pieces are present.
2. **Base Construction:** Begin by constructing the main body and chassis of the helicopter as indicated in the first steps of the manual. Ensure all connections are firm.
3. **Rotor Assembly:** Assemble the main rotor blades and tail rotor according to the diagrams. Note the specific orientation for each blade.
4. **Cockpit and Details:** Install the cockpit canopy and add smaller detail pieces such as guns, lights, and landing gear.
5. **Doll Assembly:** Assemble the Sluban soldier doll. The doll's head, wrists, and waist are designed for rotation.
6. **Sticker Application:** Apply the provided stickers to the designated areas on the helicopter model for enhanced detail. Refer to the box art or the instruction manual for sticker placement.

Tip: *Some pieces may require a firm push to connect securely. If you encounter difficulty, double-check the orientation*

and ensure you are using the correct pieces as per the instruction manual.

Operating Features

The Sluban AH-64 Apache Helicopter model includes several interactive features designed to enhance play and realism:

- **Opening Back Doors:** Both back doors of the helicopter can be opened, mimicking the functionality of a real Apache Helicopter.
- **Opening Top Hatch:** The top section of the helicopter can be opened, allowing access to the interior or for display purposes.
- **Rotatable Bottom Barrel:** The barrel located at the bottom of the helicopter can be rotated and its angle adjusted.
- **360-Degree Rotatable Landing Gear:** The landing gear wheels are designed to rotate 360 degrees, providing dynamic movement.
- **Articulated Sluban Doll:** The included Sluban soldier doll features a head and wrists that can rotate 15 degrees, and a waist that can rotate 360 degrees. The doll's legs can also swing 180 degrees.

Maintenance

To ensure the longevity and appearance of your Sluban AH-64 Apache Helicopter model, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. For more stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Handling:** Handle the model with care, especially when moving or playing, to prevent pieces from detaching or breaking.

Troubleshooting

Problem	Solution
Pieces do not fit tightly or fall apart easily.	Ensure pieces are aligned correctly and pushed firmly into place. Some connections may require more pressure. Refer to the instruction manual to confirm correct piece usage and orientation.
Missing pieces.	Carefully check all packaging materials and the assembly area. If pieces are genuinely missing, contact Sluban customer support with your product model number and a description of the missing part.
Difficulty understanding assembly steps.	Review the diagrams in the instruction manual carefully. Pay attention to the number of studs and the color of the blocks shown. If available, online resources or community forums might offer additional visual guides.

Specifications

Feature	Detail
Model Number	SLB-0511-01
Brand	Sluban
Material	ABS Plastic
Number of Pieces	293 PCs (Helicopter & 1 Sluban Soldier)
Product Length (Assembled)	Approximately 15.35 inches
Item Weight	1.12 pounds
Recommended Age	6 years and up
