3. OPERATING INSTRUCTIONS

To use the changing station, gently pull down the unit from its closed position until it locks horizontally. Place a fresh paper liner (if available) on the changing surface.

BUILT-IN LINER DISPENSER

A built-in dispenser allows for easy access to paper liners, promoting hygiene and convenience during use.

Carefully place the child on the changing surface. Utilize the one-handed adjustable safety strap to secure the child. The strap is designed for easy adjustment with one hand, allowing the caregiver to maintain contact with the child at all times.

ONE HANDED SAFETY STRAP

This image demonstrates the use of the one-handed adjustable safety strap to securely fasten a baby on the changing station, ensuring safety during diaper changes.

The changing station also features two integrated bag hooks. These hooks are located on either side of the changing surface, providing a convenient place to hang diaper bags, purses, or other items, keeping them off the floor and within easy reach.

DUAL BAG HOOKS

The changing station features dual integrated bag hooks on either side, providing convenient storage for diaper bags or personal items, keeping them off the floor.

After use, unbuckle the child, remove any soiled liners, and gently push the changing surface upwards until it locks securely into its closed, vertical position.

4. SAFETY GUIDELINES

WARNING: SERIOUS INJURY CAN RESULT FROM FALLS.
