- Problem Solving

Box Contents:

- 1 x 3D Game Board
- 4 x Walls

- 1 x Dungeon (Tower)
- 7 x Knight Figures (Blue and Red)
- 1 x Booklet with 80 Challenges and Solutions

SETUP

Follow these steps to set up your SmartGames Fortress game:

1. Unpack all components from the game box: the 3D game board, four wall pieces, one dungeon piece, and seven knight figures.
2. Place the 3D game board on a flat, stable surface.
3. Refer to the challenge booklet. Each challenge will show a specific starting arrangement for the knight figures (blue and red) and the dungeon piece on the game board.
4. Carefully place the knight figures and the dungeon piece onto the designated spots on the game board as indicated by the chosen challenge.

HOW TO PLAY

The objective of SmartGames Fortress is to strategically place the four wall pieces to create a secure fortress that protects all blue knights while keeping all red warriors outside the walls.

1. **Choose a Challenge:** Select a challenge from the provided booklet. Challenges range from easy to very difficult.
2. **Initial Setup:** Set up the game board with the knights and dungeon as shown in the chosen challenge.
3. **Place the Walls:** Your task is to place the four wall pieces onto the game board. The walls must fit into the available slots and connect to form a continuous barrier.
4. **Solve the Puzzle:** The correct solution requires that all blue knights are enclosed within the walls, and all red warriors are outside the walls. The dungeon piece is part of the fortress structure and can be used to help enclose the blue knights.
5. **Verify Solution:** Once you believe you have placed the walls correctly, check the solution provided at the back of the challenge booklet to verify your answer.

There are 80 unique challenges, offering hours of engaging gameplay and progressive difficulty to continuously develop your logical thinking and spatial reasoning.

MAINTENANCE

Proper care will ensure the longevity of your SmartGames Fortress.

- **Cleaning:** Wipe the game board and pieces with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, but ensure all parts are completely dry before storage. Do not use abrasive cleaners or solvents.
- **Storage:** Store all game components back in their original box when not in use. Keep the game in a cool, dry place, away from direct sunlight and extreme temperatures, to prevent warping or discoloration.
- **Handling:** Handle the game pieces gently to avoid damage.

TROUBLESHOOTING

If you encounter any issues while playing SmartGames Fortress, consider the following:

- **Difficulty Solving a Challenge:**
 - Double-check the initial setup against the challenge diagram in the booklet. Ensure all knights and the dungeon are placed correctly.
 - Review the rules for placing walls. Remember that all blue knights must be inside and all red warriors outside.
 - Take a break and return to the challenge with a fresh perspective.
 - If you are stuck, refer to the solution provided at the back of the booklet for that specific challenge.
- **Missing Pieces:**
 - Carefully check the entire box and packaging.
 - If a piece is genuinely missing upon opening, contact SmartGames customer support (see "Support" section).
