

Nirvana Futons NF-LNGR-SET-QN-RED

Nirvana Futons Queen Size Futon Bed Sofa Instruction Manual

Model: NF-LNGR-SET-QN-RED

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Nirvana Futons Queen Size Futon Bed Sofa. This versatile furniture piece features a natural hardwood frame and a comfortable red mattress, designed to convert between sofa, lounger, and bed positions. Please read all instructions carefully before beginning assembly or use.

SETUP AND ASSEMBLY

Assembly of the futon frame is required. The product typically arrives in two separate boxes, which may be delivered at different times. Ensure all components are present before starting assembly. A power drill can assist with wood screws, but hand tools are sufficient.

- Unpack all components and verify against the parts list (not provided in this document, refer to included packaging).
- Assemble the hardwood frame according to the diagrams provided in your product packaging. The frame is constructed from dense solid hardwood for durability.
- Ensure all pre-drilled holes align correctly. If holes appear tight, gently widen them or apply slight pressure during screw insertion.
- Confirm all screws and fasteners are securely tightened. Flush end caps are designed to minimize potential hazards.
- Once the frame is assembled, place the Queen size twill red mattress onto the frame. The mattress is constructed with poly-cotton and foam, featuring tufts to prevent shifting.

OPERATING INSTRUCTIONS

Your futon bed sofa offers 13 adjustable positions, including 1 bed position, 8 lounge positions, and 4 sitting positions. The tilting back mechanism allows for easy conversion.

Converting Positions:

1. **Sofa Position:** To achieve the upright sofa position, lift the backrest until it locks into the desired sitting angle. Ensure both sides are evenly adjusted.

Image: Futon frame in the upright sofa position.

2. **Lounger Positions:** To recline into a lounge position, gently push the backrest forward slightly to release the locking mechanism, then lower it to one of the eight available lounge angles. The footrest section can be extended for comfort.

- Bed Position:** To fully convert to a bed, release the backrest mechanism and lower it completely flat. Ensure the frame is fully extended and stable before use as a bed.

Always ensure the frame is securely locked into position before sitting or lying down.

MAINTENANCE

Proper care will extend the life of your futon bed sofa.

- **Frame Care:** Avoid getting the hardwood frame wet. Wipe clean with a dry or slightly damp cloth. Do not use harsh chemicals or abrasive cleaners. The frame is finished with a natural clear coat for protection.
- **Mattress Care:** Spot clean the twill red mattress with a damp cloth and mild detergent if necessary. Allow to air dry completely. Do not machine wash or tumble dry the mattress. Regular rotation of the mattress can help maintain its shape and comfort.

TROUBLESHOOTING

If you encounter issues during assembly or use, consider the following:

- **Difficulty with Assembly:** Ensure all pieces are oriented correctly according to the diagrams. Sometimes, pre-drilled holes may require firm pressure for screws to engage properly. Do not overtighten screws.
- **Frame Not Locking:** Verify that the adjustment mechanisms on both sides of the frame are fully engaged in their respective notches. Ensure no obstructions prevent the frame from locking into position.
- **Mattress Fit:** The Queen size mattress is designed to fit the Queen size frame. If the mattress appears slightly oversized, ensure it is centered on the frame. Slight variations can occur.
- **Unusual Odor:** New mattresses may have a temporary 'new product' odor. This typically dissipates within a few days in a well-ventilated area.

SPECIFICATIONS

Brand	Nirvana Futons
Model Number	NF-LNGR-SET-QN-RED
Size	Queen
Color	Twill Red
Product Dimensions (D x W x H)	36.75" x 56" x 32.75" (Sofa Position)
