KAWADA NBC218

KAWADA Nanoblock Hot Dog Building Kit NBC218 Instruction Manual

Model: NBC218

1. Introduction

This manual provides detailed instructions for assembling the KAWADA Nanoblock Hot Dog Building Kit, model NBC218. Nanoblocks are micro-sized building blocks designed for creating intricate and detailed models. This kit allows you to construct a miniature hot dog model with 118 pieces.
Please read all instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience.

2. Package Contents

Verify that all components are present in your kit before starting assembly.

- Nanoblock pieces for the Hot Dog model (118 pieces)
- Detailed step-by-step instruction booklet

If any pieces are missing or damaged, please refer to the Troubleshooting section for assistance.

3. Before You Begin

To ensure a successful assembly, consider the following:

- **Workspace:** Choose a clean, well-lit, and flat surface to work on. The small size of Nanoblock pieces requires a stable environment to prevent loss.
- **Organization:** It is recommended to sort the Nanoblock pieces by color or shape before starting. This will significantly speed up the assembly process.
- **Tools:** While not strictly necessary, a pair of fine-tipped tweezers can be helpful for handling the smaller pieces and placing them precisely.
- **Age Recommendation:** This kit is recommended for ages 8 and up due to the small size of the blocks and the level of detail required.

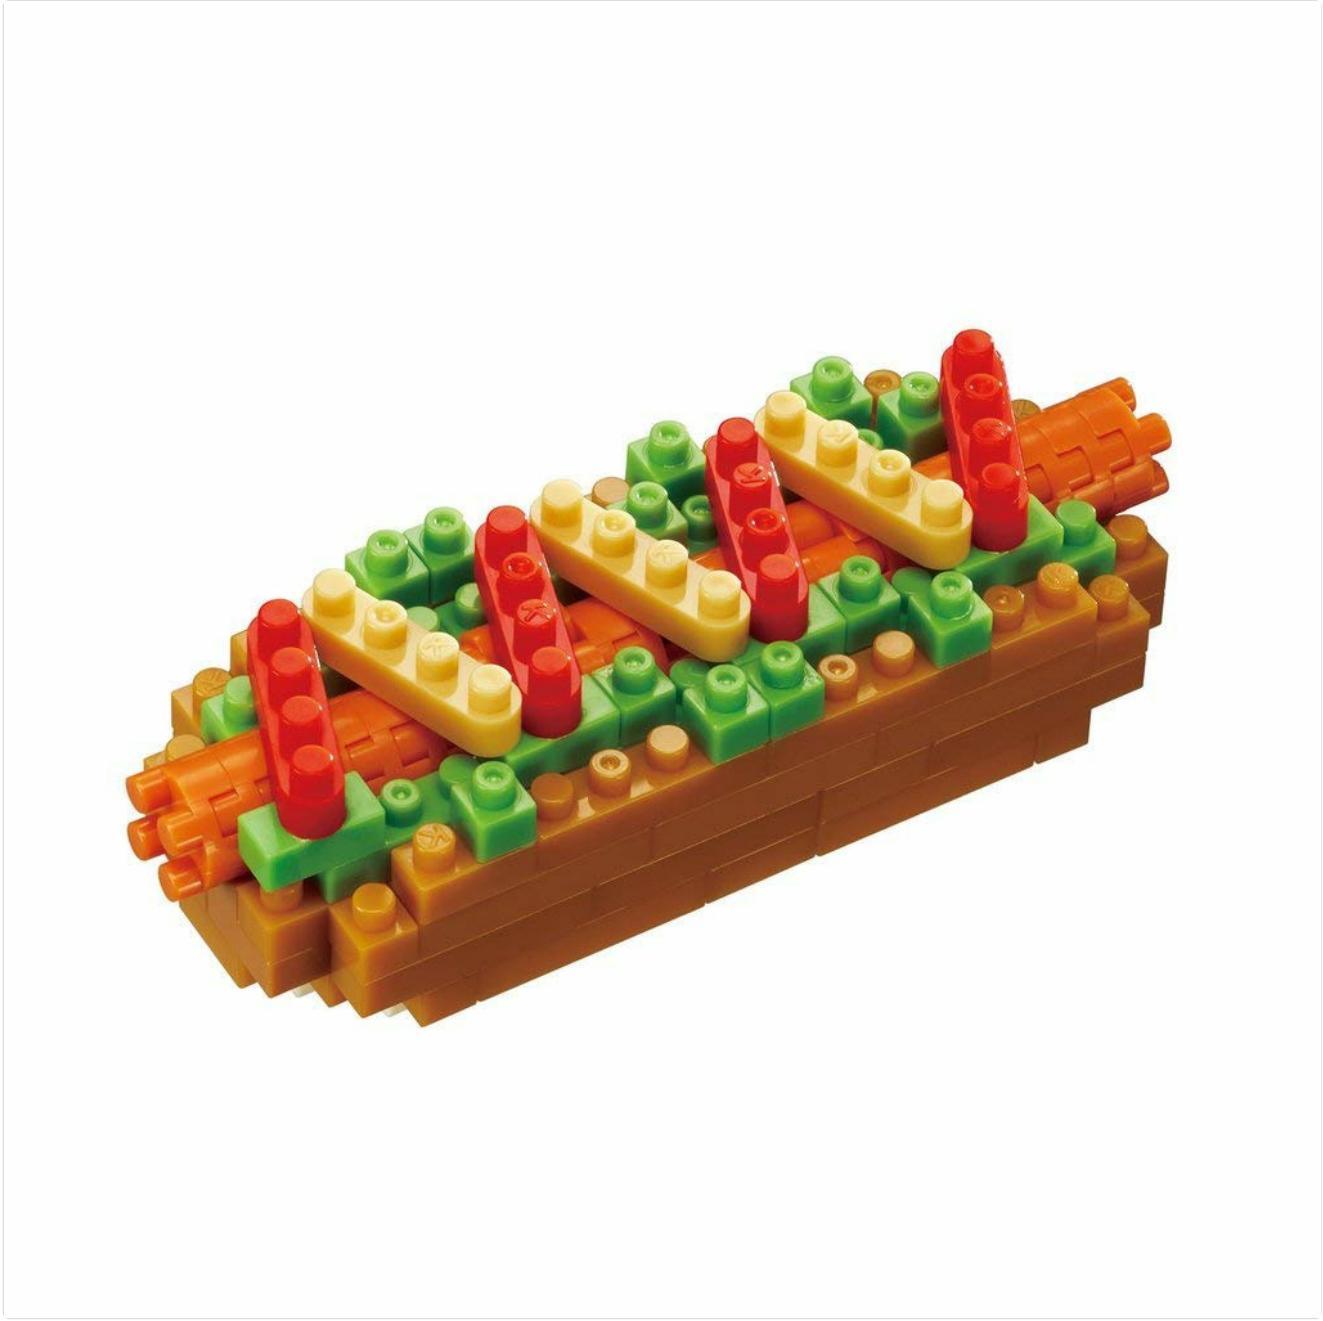

Figure 1: KAWADA Nanoblock Hot Dog Building Kit packaging. The image displays the kit's box, featuring a picture of the completed hot dog model and indicating 118 pieces.

4. Assembly Instructions

Follow the step-by-step diagrams provided in the instruction booklet included with your kit. The general process involves:

1. **Foundation:** Begin by constructing the base layers of the hot dog bun, as indicated in the first steps of the manual.
2. **Building Up:** Gradually add layers of blocks, paying close attention to the color and placement of each piece to form the hot dog sausage and toppings (ketchup, mustard, relish).
3. **Precision:** Nanoblocks require precise placement. Ensure each block is firmly connected to the adjacent blocks to create a stable structure.
4. **Verification:** Regularly compare your progress with the diagrams in the instruction booklet to catch any errors early.

The instruction booklet uses visual diagrams to guide you through each stage of the build. If you encounter difficulty,

re-examine the previous steps and ensure all pieces are correctly oriented.

5. Care and Display

Once assembled, your Nanoblock Hot Dog model is a delicate display piece. Follow these guidelines for care:

- **Handling:** Handle the model gently to avoid dislodging pieces.
- **Cleaning:** Use a soft, dry brush or a can of compressed air to remove dust. Avoid using water or chemical cleaners, as they may damage the plastic.
- **Display:** Place your model on a stable surface away from direct sunlight, extreme temperatures, or high humidity to prevent discoloration or warping.

6. Troubleshooting

If you encounter issues during or after assembly, refer to the following common solutions:

- **Missing Pieces:** Carefully re-check the packaging and your workspace. Due to their small size, pieces can be easily overlooked. If pieces are genuinely missing, contact KAWADA customer support (see Section 8).
- **Difficulty Connecting Pieces:** Ensure the blocks are correctly aligned. Apply gentle, even pressure. Avoid forcing pieces, as this can cause damage.
- **Model Instability:** If your model feels unstable, review the previous steps in the instruction booklet to ensure all connections are secure and no pieces are misplaced.

7. Specifications

Feature	Detail
Product Name	Nanoblock Hot Dog Building Kit
Model Number	NBC218
Brand	KAWADA
Number of Pieces	118
Recommended Age	8 - 15 years
Product Dimensions	7.09 x 4.33 x 0.39 inches (packaging)
Item Weight	0.704 ounces

8. Support and Contact Information

For further assistance, inquiries about missing parts, or product support, please contact the manufacturer:
Manufacturer: Schylling (Distributor for KAWADA Nanoblock in some regions)
Please refer to the contact information provided on the product packaging or the official KAWADA/Schylling website for the most up-to-date support channels.
