## OPERATING THE GAME (GAMEPLAY)

Monopoly Gamer introduces several unique mechanics:

- **Character Abilities:** Each Super Mario character token has unique abilities that can be activated during gameplay. Refer to your Character Card for details.
- **Coins:** Traditional Monopoly money is replaced with coins. Players collect coins by landing on certain spaces or using character abilities.
- **Power-up Die:** In addition to the standard number die, a Power-up Die is used to activate special abilities or effects during a player's turn.
- **Boss Battles:** When a player passes or lands on GO, a Boss Battle is triggered. Players must defeat a Boss by rolling the dice and meeting specific conditions. Defeating Bosses earns points.
- **Winning the Game:** The game concludes after a set number of Boss Battles (typically 8, as indicated by the Boss cards). The player with the highest total score, combining property values, collected coins, and defeated

Boss points, wins.
