## Vicks VIN008

# Vicks VapoSteam Medicated Liquid Camphor Cough Suppressant Instruction Manual

Model: VIN008

### PRODUCT OVERVIEW

Vicks VapoSteam Medicated Liquid is designed for use in Vicks Hot Steam Vaporizers and humidifiers. It produces medicated vapor steam to help relieve and suppress coughs associated with colds. This product is suitable for individuals aged 2 years and up, providing temporary relief from coughs and aiding in nighttime cough control.

## IMPORTANT SAFETY INFORMATION

- **For external use only.**
- **Flammable:** Keep away from fire or flame.
- **For steam inhalation only. DO NOT TAKE BY MOUTH.**
- **Ask a doctor before use if you have:**
  - A persistent or chronic cough such as occurs with smoking, asthma, or emphysema.
  - A cough that occurs with too much phlegm (mucus).
- **Stop use and ask a doctor if:**
  - Cough persists for more than 1 week, tends to recur, or is accompanied by fever, rash, or persistent headache. A persistent cough may be a sign of a serious condition.

- **If pregnant or breast-feeding:** Ask a health professional before use.
- **Keep out of reach of children.** In case of eye exposure (flush eyes with water) or if swallowed, get medical help or contact a Poison Control Center right away.

## INGREDIENTS

### Active Ingredient:

- Camphor (Synthetic) 6.2% (Cough Suppressant)

### Inactive Ingredients:

- Alcohol 78%
- Cedarleaf Oil
- Eucalyptus Oil
- Laureth-7
- Menthol
- Nutmeg Oil
- Poloxamer 124
- Silicone

## SETUP

Vicks VapoSteam is designed for use with Vicks Hot Steam Vaporizers and warm mist humidifiers. Ensure your device is clean and in good working order before use.

1. **Fill Water Tank:** Fill your Vicks Vaporizer or warm mist humidifier with the appropriate amount of cold water according to its specific instructions.
2. **Add VapoSteam:**
  - For Vaporizers: Add 1 tablespoon of VapoSteam liquid for each quart of water used.
  - For Warm Mist Humidifiers: Place VapoSteam into the medicine cup, not directly into the water tank.

# 8 HOUR MEDICATED COUGH RELIEF

**POUR**

**TURN ON**

**BREATHE IN**

## OPERATING INSTRUCTIONS

Once the VapoSteam liquid has been added to your compatible device, you can begin operation.

1. **Power On:** Turn on your vaporizer or humidifier according to its manufacturer's instructions.
2. **Vapor Production:** The device will begin to produce medicated steam, releasing the camphor vapors into the room.
3. **Usage Frequency:** Use up to 3 times daily, or as directed by a doctor.
4. **Duration:** The medicated steam will temporarily relieve coughs due to throat and bronchial irritation from a cold.

## MAINTENANCE

Proper storage and handling ensure the longevity and effectiveness of your VapoSteam liquid.

- **Storage:** Close container tightly after each use. Store at room temperature, away from heat.
- **Disposal:** Dispose of empty containers responsibly according to local regulations.

## TROUBLESHOOTING

If you encounter issues while using Vicks VapoSteam, consider the following:

- **No Steam Production:** Ensure your vaporizer or humidifier is properly filled with water and the VapoSteam has been added correctly (into the medicine cup for humidifiers, or directly into the water for vaporizers). Check that

the device is plugged in and powered on.

- **Weak Vapor:** Verify that the correct amount of VapoSteam has been added relative to the water volume. Ensure the device's settings are appropriate for desired vapor output.
- **Cough Persists:** If cough persists for more than 1 week, tends to recur, or is accompanied by fever, rash, or persistent headache, stop use and consult a doctor.
