6. MAINTENANCE

Regular cleaning and proper care will ensure the longevity and appearance of your vanity.

6.1 Engineered Marble Top and Ceramic Sinks

- The engineered marble top and ceramic vessel sinks are designed for durability and easy maintenance, repelling water droplets and stains.
- Clean with a soft cloth and mild, non-abrasive cleaner. Avoid harsh chemicals or abrasive scrubbing pads, which can damage the surface.
- Wipe spills immediately to prevent staining.

6.2 Wood Cabinet

- The cabinet is crafted from sturdy Oak wood and plywood, offering reliable moisture resistance.
- Wipe the cabinet exterior with a soft, damp cloth. Dry immediately with a clean, dry cloth.
- Avoid prolonged exposure to excessive moisture.

6.3 Mirrors

- Clean mirrors with a glass cleaner and a soft, lint-free cloth. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping behind the frame.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your vanity.

7.1 Leaks from Sink or Faucet
