3. OPERATING INSTRUCTIONS

Follow these steps for optimal application:

1. Ensure lips are clean and moisturized for the best matte finish.
2. Twist the base of the lipstick to expose a small amount of the product.
3. Apply the desired amount directly to your lips, starting from the center and moving outwards.
4. Alternatively, for more precise application, use a lip brush to pick up the color and apply it to your lips.
5. Blot with a tissue if desired to remove excess product and enhance the matte effect.
