

## Modway MOD-5426-GRY

# Modway Linnea Upholstered Queen Platform Bed

Model: MOD-5426-GRY | Brand: Modway

## INTRODUCTION

The Modway Linnea Platform Bed is designed to provide a stable and stylish foundation for your mattress. Featuring an upholstered polyester fabric base and a tufted headboard, this bed frame includes solid wood legs and a slatted wood support system, eliminating the need for a box spring. It is built with a reinforced center beam and supporting legs to ensure maximal stability and can accommodate various mattress types, including memory foam, spring, latex, and hybrid. This manual provides essential information for assembly, usage, maintenance, and troubleshooting to ensure the longevity and optimal performance of your bed.

## SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Ensure all components are present and undamaged before beginning assembly.
- Assemble the bed on a soft, clean surface (e.g., carpet or blanket) to prevent scratching.
- Do not overtighten screws or bolts, as this may damage the material.
- Keep small parts away from children during assembly to prevent choking hazards.
- Regularly check and retighten all connections to ensure stability.
- Do not jump on the bed.
- Ensure the mattress is properly seated on the slats before use.

## PACKAGE CONTENTS

Please verify that all the following components are included in your package:

- Headboard (1)

- Footboard (1)
- Side Rails (2)
- Center Support Beam (1)
- Support Legs for Center Beam (typically 2-3)
- Wood Slats (set)
- Hardware Pack (bolts, washers, nuts, Allen wrench)

## SETUP AND ASSEMBLY

### Before You Begin

- Clear an open space for assembly.
- Lay out all parts on a soft, clean surface to prevent damage.
- Identify all components and hardware using the package contents list.
- Two people are recommended for easier assembly.

### Assembly Steps

1. **Attach Side Rails:** Connect the two side rails to the headboard and footboard using the provided bolts and washers. Hand-tighten all connections initially.
2. **Install Center Support:** Secure the center support beam to the headboard and footboard brackets. Attach the support legs to the center beam.
3. **Place Wood Slats:** Lay the wood slats across the side rails, ensuring they are evenly spaced and fit securely into any designated slots or attachments. Some slats may have pre-drilled holes for screws to secure them to the side rails.
4. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts and screws using the Allen wrench. Do not overtighten.

## USAGE GUIDELINES

The Modway Linnea Platform Bed is designed to support various mattress types without the need for a box spring. Simply place your mattress directly onto the wood slats.

- **Mattress Compatibility:** Compatible with memory foam, spring, latex, and hybrid mattresses.
- **Weight Capacity:** The bed frame has a weight capacity of up to 1300 lbs, including the mattress and occupants.
- **Even Weight Distribution:** For optimal support and longevity, ensure weight is distributed evenly across the bed.

## MAINTENANCE AND CARE

Proper care will help maintain the appearance and extend the life of your Modway Linnea Platform Bed.

- **Fabric Care:** For the upholstered fabric, gently vacuum regularly to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For tougher stains, use a mild fabric cleaner following the product's instructions, testing on an inconspicuous area first.

- **Wood Components:** Wipe wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Hardware:** Periodically check all bolts and screws and tighten them if necessary to ensure the bed remains stable and secure.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause fabric fading.

**TROUBLESHOOTING**

If you encounter any issues with your Modway Linnea Platform Bed, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed is wobbly or unstable.	Loose hardware connections.	Check and tighten all bolts and screws, especially those connecting the side rails to the headboard and footboard, and the center support legs.
Squeaking noises.	Loose connections, friction between slats and frame, or uneven floor.	Ensure all hardware is tight. Apply felt pads or thin fabric strips between slats and frame where they meet. Consider placing furniture pads under bed legs if the floor is uneven.
Mattress sags in the middle.	Center support beam or legs are not properly installed or damaged.	Verify the center support beam is correctly positioned and its legs are firmly on the floor. Ensure all connections are secure. If damaged, contact customer support for replacement parts.

**SPECIFICATIONS**

Detailed specifications for the Modway Linnea Upholstered Queen Platform Bed:

Feature	Detail
Model Number	MOD-5426-GRY
Size	Queen
Product Dimensions (L x W x H)	86" x 66" x 36.5"
Color	Grey
Fabric Type	100% Polyester
Finish Type	Wood
Weight Capacity	1300 lbs
Item Weight	53 pounds
Assembly Required	Yes (Minimal)

Feature	Detail
Manufacturer	Modway Inc.
UPC	889654052142
