

## Kuzco Lighting VL7524-CH

# Kuzco Lighting VL7524-CH Charleston LED Vanity Light User Manual

Model: VL7524-CH

## 1. INTRODUCTION

---

Thank you for choosing the Kuzco Lighting VL7524-CH Charleston LED Vanity Light. This manual provides essential information for the safe installation, operation, and maintenance of your new lighting fixture. Please read these instructions thoroughly before beginning installation and retain them for future reference.

## 2. SAFETY INFORMATION

---

**WARNING:** Risk of electric shock. Disconnect power at the circuit breaker or fuse box before installation or servicing. All electrical connections must be in accordance with local codes, ordinances, or the National Electric Code (NEC). If you are unfamiliar with proper electrical wiring connections, consult a qualified electrician.

- Ensure the fixture is properly grounded.
- Do not install this fixture in wet locations. It is designed for indoor use in dry or damp locations (e.g., bathrooms, but not directly inside a shower).
- Handle glass components with care to prevent breakage.
- Do not exceed the specified voltage (120 Volts).
- This product is ETL listed, ensuring it meets safety standards.

## 3. PACKAGE CONTENTS

---

Carefully unpack your fixture and inspect all components for damage. Keep all packaging materials until you are sure all parts are present and in good condition.

- LED Vanity Light Fixture (Model VL7524-CH)
- White Opal Glass Shade
- Mounting Hardware Kit (screws, wire nuts, mounting plate)
- Integrated LED Module (Bulb is included as part of the fixture)
- Instruction Manual

Material	Glass (Shade), Metal (Fixture)
Style	Contemporary
Light Fixture Form	Vanity
Room Type	Bathroom
Indoor/Outdoor Usage	Indoor
Power Source	Corded Electric
Special Features	Dimmable
Light Source	Integrated LED Module
Number of Light Sources	1
Voltage	120 Volts
Light Color	White
Lighting Method	Up/Down Light
Wattage	20 watts
Brightness	1800 Lumen
Water Resistance Level	Not Water Resistant
Mounting Type	Protruding, Surface Mount
Dimensions (L x W x H)	23"L x 16.5"W x 7.5"H
Certification	ETL Listed

## 5. INSTALLATION

**Important:** Before starting installation, ensure the power is turned off at the circuit breaker. It is recommended that a qualified electrician performs the installation.

- 1. Prepare the Mounting Location:** Ensure the electrical box is securely mounted and capable of supporting the fixture's weight.
- 2. Attach Mounting Plate:** Secure the mounting plate (included in hardware kit) to the electrical box using the provided screws.
- 3. Make Electrical Connections:**
  - Connect the fixture's black wire to the supply's black (hot) wire.
  - Connect the fixture's white wire to the supply's white (neutral) wire.

- Connect the fixture's ground wire to the supply's ground wire (or to the mounting plate if no supply ground is available).
  - Secure all connections with wire nuts.
4. **Mount the Fixture:** Carefully align the fixture with the mounting plate and secure it using the provided screws. The fixture can be mounted vertically or horizontally to suit your aesthetic preference.
  5. **Install Glass Shade:** Gently attach the white opal glass shade to the fixture according to the specific design. Ensure it is secure.
  6. **Restore Power:** Once installation is complete and all components are secure, restore power at the circuit breaker.

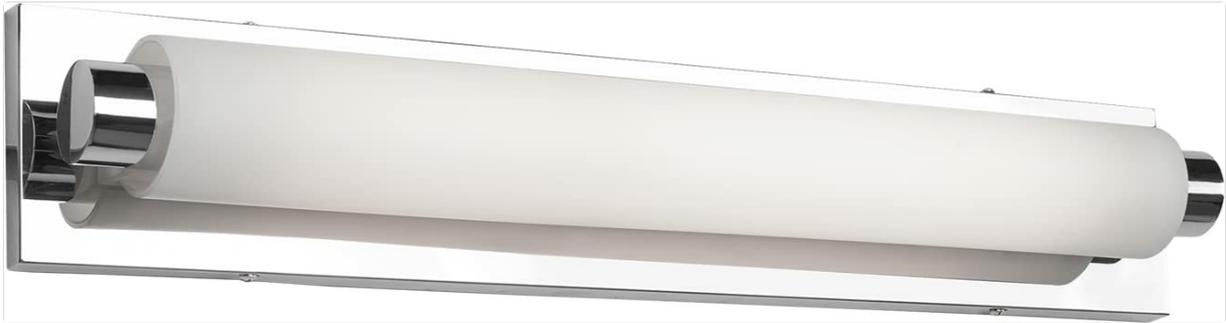

Image: The Kuzco Lighting VL7524-CH Charleston LED Vanity Light, shown installed vertically next to a mirror in a bathroom setting. The fixture features a chrome base and a cylindrical white opal glass shade, providing bright, even illumination.

## 6. OPERATION

The Kuzco Lighting VL7524-CH is designed for straightforward operation.

- **Turning On/Off:** Use a standard wall switch connected to the fixture's electrical circuit to turn the light on or off.
- **Dimming Functionality:** This fixture is dimmable. To utilize the dimming feature, ensure you have a compatible LED dimmer switch installed on the circuit. Follow the dimmer switch manufacturer's instructions for proper operation.

## 7. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your fixture.

- **Cleaning:** To clean the fixture, turn off the power and wipe with a soft, dry, or slightly damp cloth. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or glass.
- **LED Module:** The LED module is integrated and designed for long-term use. It is not user-replaceable. If the LED module fails, please contact customer support.

## 8. TROUBLESHOOTING

If you experience issues with your vanity light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Light does not turn on.	No power to the fixture. Loose wire connections. Faulty wall switch.	Check circuit breaker or fuse. Verify all wire connections are secure (ensure power is off first). Test the wall switch or replace if necessary.
Light flickers or dims improperly.	Incompatible dimmer switch. Loose wire connections.	Ensure a compatible LED dimmer switch is used. Check wire connections (with power off).
Glass shade is loose.	Improperly secured during installation.	Carefully re-secure the glass shade according to installation steps.

## 9. WARRANTY AND SUPPORT

**Manufacturer Warranty:** All products purchased have a 30-day replacement parts policy to ensure a fully working item. All products are covered under a 1-year warranty when purchased on Amazon. The warranty period begins on the day the product is originally shipped. The warranty covers all items and conditions identified in the original manufacturer's warranty. Items specifically not covered by the warranty include loss and theft, water damage, customer abuse, and finish deterioration due to UV or coastal exposure. For technical support, replacement parts, or warranty claims, please contact Kuzco Lighting customer service. Refer to your purchase documentation for contact details or visit the official Kuzco Lighting website.
