2. KEY FEATURES

- **Precision Fit:** Designed for high dexterity and all-day comfort, suitable for detailed tasks.
- **Durable Goatskin Leather Palm:** Offers superior abrasion resistance, tactile sensitivity, and long-lasting performance.
- **4-Way Stretch Backhand:** Flexible polyester tricot back enhances breathability and glove flexibility, moving with your hand.
- **Reinforced for Extended Wear:** Fingertips and thumb are reinforced to provide extra protection in high-wear areas, improving grip and minimizing wear.
- **Quick Slip-On Elastic Cuff:** Ensures a secure fit and allows for easy donning and removal.

3. SETUP AND FITTING GUIDE

Proper glove fit is crucial for comfort, dexterity, and protection. Follow these guidelines to ensure your HESTRA Job Kobolt gloves fit correctly.

Measuring Your Hand:

Measure the circumference of your hand with a tape measure or a string and a ruler around the widest part of your palm, excluding your thumb. If you are between sizes, it is recommended to size up for optimal comfort.

Unisex Size Guide

Measure the circumference of your hand with a tape measure or a string and a ruler.

If you are in between sizes, please size up.

127	152	178	203	229	254	279	309	330

Brand Size	Hand Length (in)
6	6.3
7	6.7
8	7.2
9	7.6
10	8
11	8.5

4. OPERATING AND INTENDED USE

HESTRA Job Kobolt gloves are designed for a wide range of tasks requiring both protection and dexterity. Their construction makes them suitable for:

- **Landscaping:** Handling tools, clearing debris, and general garden work.
- **Construction:** Light to medium duty tasks where hand protection against abrasions and minor impacts is needed.
- **Woodworking:** Providing grip and protection while handling wood and tools.
- **General Multi-Use:** Everyday tasks around the home, garage, or workshop.
- **Craftsmanship:** Tasks requiring precision and tactile sensitivity.

These gloves are not intended for use with extreme heat, open flames, or in situations requiring chemical or electrical insulation unless specified by additional safety ratings.

5. CARE AND MAINTENANCE

Proper care extends the life of your gloves and maintains their protective qualities.

Cleaning Instructions:

- **Hand Wash Only:** Gently hand wash your gloves using mild soap and lukewarm water. Avoid harsh

detergents or bleach.

- **Rinse Thoroughly:** Ensure all soap residue is rinsed out.
- **Air Dry:** Do not tumble dry. Squeeze out excess water gently and reshape the gloves. Hang them to air dry away from direct heat or sunlight.
- **Avoid Drying on Heat Sources:** Direct heat can cause leather to stiffen, crack, or shrink.

Storage:

Store gloves in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

6. SPECIFICATIONS

- **Model Number:** 73010
- **Department:** Unisex-adult
- **Fabric Type:** 100% Other Fibers (backhand), Goatskin Leather (palm)
- **Care Instructions:** Hand Wash
- **Origin:** Imported
- **Manufacturer:** Hestra Gloves
- **First Available:** November 30, 2016

7. TROUBLESHOOTING

If you encounter any issues with your HESTRA Job Kobolt gloves, consider the following:

- **Reduced Flexibility:** If gloves become stiff after drying, gently work the leather to restore suppleness. Applying a leather conditioner designed for work gloves can also help.
- **Unusual Wear:** Ensure the gloves are being used for their intended purpose. Excessive friction or contact with sharp objects beyond their rated protection can cause premature wear.
- **Improper Fit:** Refer to the sizing guide in Section 3. An ill-fitting glove can lead to discomfort and reduced performance.

8. WARRANTY AND SUPPORT

For specific warranty information or product support, please refer to the official Hestra website or contact Hestra customer service directly. Keep your purchase receipt as proof of purchase.
