

American Lifetime DC-01

American Lifetime Dementia Clock 2025 User Manual

MODEL: DC-01

Introduction

This manual provides comprehensive instructions for the American Lifetime Dementia Clock 2025, Model DC-01. Designed with a large digital display, custom alarms, and user-friendly features, this clock is intended to assist seniors and individuals with memory challenges in maintaining daily routines and orientation. Please read this manual thoroughly before operating the device.

Key Features

- **Large, Easy-to-Read Display:** Features an extra-large, high-contrast 12-inch screen that clearly shows the time, day, and full date without confusing abbreviations.
- **Custom Alarms for Daily Reminders:** Set up to 5 personalized alarms for medication, meals, or appointments.
- **Auto-Dimming Brightness Adjustment:** The screen brightness automatically adjusts based on room lighting for optimal readability day and night.
- **Power Backup Functionality:** Internal memory preserves time and settings during power outages, automatically resetting when power returns.
- **Multi-Language and Format Support:** Supports multiple languages and 12/24-hour time formats.
- **Durable and Reliable Design:** Constructed with high-quality materials for daily use.
- **Quick and Simple Setup:** User-friendly design with an easy-to-follow manual for quick setup.

Setup

1. **Unpack:** Carefully remove the clock and all accessories from the packaging.
2. **Connect Power:** Plug the power adapter into the DC 5V input port on the back of the clock, then plug the adapter into a standard electrical outlet. The clock will power on automatically.
3. **Initial Time/Date Setting:** The clock is designed to automatically set the correct time and date upon initial power-up. If adjustments are needed, proceed to the 'Operating' section.
4. **Positioning:** Place the clock on a flat surface using its integrated stand or mount it on a wall using

the keyhole slot on the back. Ensure it is in a visible location for the user.

Operating Instructions

The clock can be operated using the buttons on the back of the unit or the included remote control. The remote control offers convenient adjustment from a distance.

Buttons Overview (Back of Clock)

- **MENU/EXIT:** Enters/Exits the settings menu.
- **OK/ENTER:** Confirms selection or enters sub-menus.
- **UP/DOWN Arrows:** Navigates through options or adjusts settings.
- **LEFT/RIGHT Arrows:** Switches clock interfaces or adjusts settings.
- **POWER:** Turns the clock on/off.

Setting Time and Date

1. Press the **MENU/EXIT** button to enter the settings menu.

2. Use the **UP/DOWN** arrows to navigate to 'Set Time' or 'Set Date'.
3. Press **OK/ENTER** to select. Use the **UP/DOWN** arrows to adjust the hour, minute, day, month, and year. Use **LEFT/RIGHT** arrows to move between fields.
4. Press **OK/ENTER** to confirm each setting.

Setting Alarms and Reminders

1. From the settings menu, navigate to 'Reminder' or 'Alarm'.
2. Press **OK/ENTER** to select an alarm/reminder slot (e.g., Reminder 1, Alarm 1).
3. Set the desired time, repetition (daily, weekdays, weekends, etc.), duration, and the reminder text/theme (e.g., 'Take Medicine', 'Meal Time').
4. Press **OK/ENTER** to save your settings.

Adjusting Display Settings

- **Time Mode:** In the settings menu, select 'Time Mode' to switch between 12-hour and 24-hour formats.
- **Date Mode:** In the settings menu, select 'Date Mode' to choose your preferred date format (e.g., MM-DD-YYYY).
- **Language:** In the settings menu, select 'Language' to choose from available languages.
- **Brightness:** The clock features automatic dimming. Manual adjustment options may be available in the settings menu under 'Brightness'.

Automatic Dimmer Functionality

Battery Back Up, No need to set it up again in case of it being disconnected - (But not Battery Operated)

Up to 5 Daily Alarms with the Option of Reminders for Medications

Spells out: time, period of the day, day of the week, month, year and date in large clear letters

Absolute Clarity

Absolute clarity, readability and ease to give older folks their senses back.

Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the display and exterior of the clock. Avoid abrasive cleaners or solvents.
- **Storage:** If storing the clock for an extended period, unplug it and keep it in a cool, dry place.

Troubleshooting

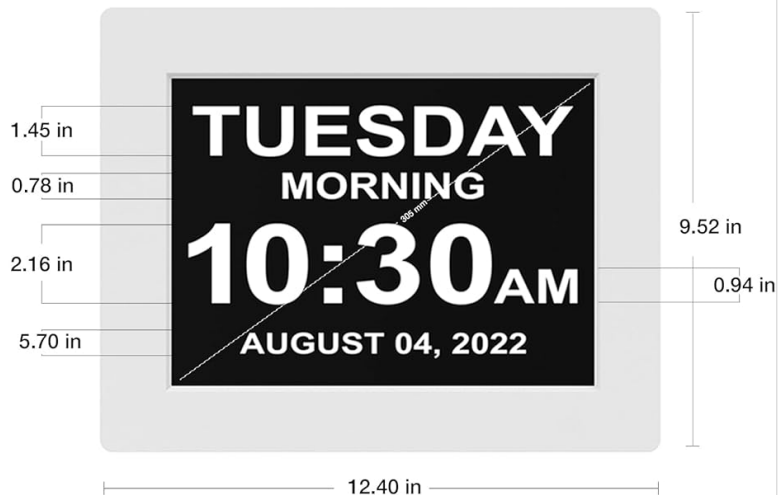

- **Clock Not Powering On:** Ensure the power adapter is securely plugged into both the clock and a working electrical outlet.
- **Incorrect Time/Date:** Access the settings menu to manually adjust the time and date. Verify the correct time zone is selected if applicable.
- **Alarms Not Sounding:** Check alarm settings to ensure they are enabled and the volume is set to an audible level.
- **Display Too Bright/Dim:** The automatic dimming feature adjusts brightness. If manual adjustment is preferred, check the 'Brightness' setting in the menu.
