2. SAFETY INFORMATION

Your child's safety is paramount. Always adhere to the following safety guidelines:

- **Assembly:** Ensure all parts are correctly assembled and all fittings are tightened securely before use. Regularly check all screws and bolts and re-tighten as necessary.
- **Supervision:** Never leave your child unattended in or on the cot bed or changing unit.
- **Cot Bed Safety:** The mattress used with the cot bed must be of the correct size (140 x 70 cm) to prevent gaps where a child's limb could become trapped. Do not place the cot bed near windows, blinds, or cords that could pose a strangulation hazard.
- **Changing Unit Safety:** Always keep one hand on your child while changing them. Do not overload drawers.
- **Hazards:** Keep small parts, plastic bags, and packaging materials away from children to avoid choking or suffocation risks.
- **Damage:** Discontinue use if any part of the furniture is broken, torn, or missing. Contact the manufacturer for replacement parts.

1. Unpack all cot bed components and lay them out on a soft, clean surface to prevent scratches.

5. OPERATING INSTRUCTIONS

5.1 Cot Bed Use and Conversion

- **Mattress Height Adjustment:** Adjust the slatted base to one of the three available heights (27 cm, 44 cm, 60 cm) to suit your child's age and developmental stage. Always use the lowest position once your child can sit, kneel, or stand.
- **Junior Bed Conversion:** The cot bed can be converted into a junior bed. This typically involves removing the side rails and replacing them with lower side panels (conversion kit may be required, sold separately if not included).
- **Children's Sofa Conversion:** The cot bed can also be transformed into a children's sofa by removing one side rail and potentially adjusting the base height.

5.2 Changing Unit Use

- **Changing Surface:** Place a suitable changing pad securely on the changing top attachment. Always ensure the pad is stable and does not overhang.
- **Storage:** Utilize the three spacious drawers for storing diapers, wipes, clothing, and other baby essentials. The self-soft closure mechanism ensures quiet and gentle closing.
- **Long-term Use:** The changing top attachment can be easily removed once your child no longer requires a changing station, allowing the unit to function as a standard dresser for continued use.

6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Pinolino furniture set.

- **Cleaning:** Wipe surfaces with a dry or slightly damp cloth. Avoid using abrasive cleaners, strong detergents, or chemical sprays, as these can damage the finish.
- **Inspection:** Regularly inspect all parts for wear and tear, especially screws and fittings. Tighten any loose connections immediately.
- **Environment:** Avoid placing the furniture in direct sunlight or near heat sources, which can cause fading or warping. Maintain a stable room temperature and humidity.
