MuveAcoustics MA-2100SB

MuveAcoustics A-Star MA-2100SB Wireless Bluetooth Outdoor Speaker User Manual

Model: MA-2100SB | Brand: MuveAcoustics

1. INTRODUCTION

This manual provides detailed instructions for the safe and efficient use of your MuveAcoustics A-Star MA-2100SB Wireless Bluetooth Outdoor Speaker. Please read this manual thoroughly before operating the device and retain it for future reference.

2. WHAT'S IN THE Box

Upon opening your MuveAcoustics A-Star MA-2100SB package, you should find the following items:

- A-Star Speaker
- USB Charging Cable
- User Manual
- Warranty Card

3. PRODUCT OVERVIEW

The MuveAcoustics A-Star MA-2100SB is a compact and durable wireless speaker designed for both indoor and outdoor use. Its robust construction and versatile features make it an ideal audio companion.

Key Features

- Wireless Bluetooth Technology:** Seamlessly connect to your devices for audio streaming.
- 6 Watt Audio Output:** Delivers clear sound with enhanced bass.
- IPX-6 Water Resistance:** Designed to withstand splashes and water exposure, making it suitable for outdoor environments.
- Integrated Auxiliary Cable:** For wired audio connections to non-Bluetooth devices.
- Built-in Microphone:** Enables hands-free calling.
- Portable Design:** Features an integrated strap for easy carrying and attachment.
- Long Battery Life:** Provides up to 6 hours of playback on a single charge.

4. SETUP INSTRUCTIONS

4.1 Charging the Speaker

Before initial use, ensure your speaker is fully charged to maximize battery performance.

1. Locate the micro USB charging port on the side of the speaker, typically protected by a rubber flap.
2. Connect the provided USB charging cable to the speaker's charging port.
3. Connect the other end of the USB cable to a compatible USB power source (e.g., computer USB port, USB wall adapter).
4. The LED indicator will illuminate during charging and turn off when fully charged. A full charge takes approximately 2.5 hours.

4.2 Bluetooth Pairing

Follow these steps to connect your device wirelessly to the speaker:

1. Power on the speaker by pressing and holding the power button (usually marked with a circle and a line) for a few seconds. The blue LED will flash rapidly, indicating it is in pairing mode.
2. On your audio source device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
3. Select "MuveAcoustics A-Star" from the list of found devices.
4. Once paired, the blue LED will stop flashing and remain solid. You will hear an audible confirmation.
5. If pairing fails, turn off the speaker and your device's Bluetooth, then repeat the steps.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

To turn the speaker on or off, press and hold the power button for approximately 3 seconds.

5.2 Volume Control

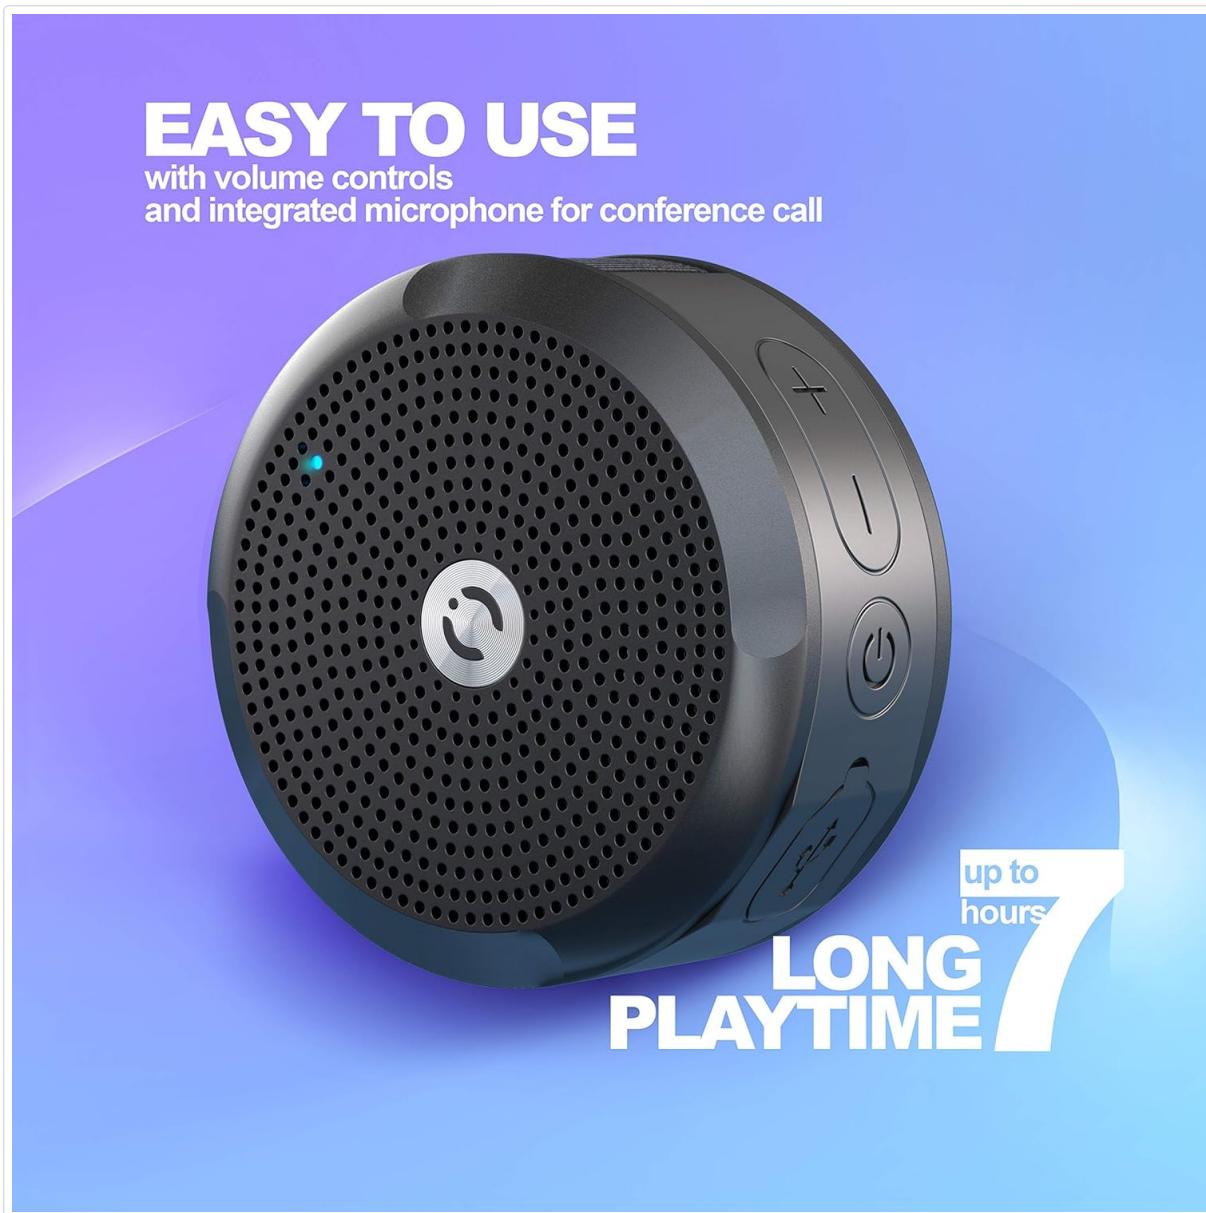

Use the '+' button to increase the volume and the '-' button to decrease the volume.

5.3 Answering/Ending Calls

When connected via Bluetooth, press the power/play button once to answer an incoming call. Press it again to end the call.

5.4 Wired Connection (AUX)

The speaker includes a built-in 3.5mm auxiliary cable. Unwind the cable from its storage slot at the back of the speaker. Connect it to your audio source's 3.5mm audio jack. The speaker will automatically switch to AUX mode.

6. MAINTENANCE

6.1 Care and Cleaning

- Wipe the speaker with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- The speaker is IPX-6 rated, meaning it is protected against powerful water jets. It is not designed for submersion. Ensure the charging port's rubber flap is securely closed to maintain water resistance.

- Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- To prolong battery life, avoid fully discharging the battery frequently. Charge it regularly.

7. TROUBLESHOOTING

Common Issues and Solutions

- **Speaker won't turn on:** Ensure the battery is charged. Connect to a power source and try again.
- **Cannot pair via Bluetooth:**
 - Make sure the speaker is in pairing mode (flashing blue LED).
 - Ensure your device's Bluetooth is enabled and searching.
 - Move the speaker closer to your device.
 - Forget the device on your phone and try pairing again.
- **No sound:**
 - Check volume levels on both the speaker and your connected device.
 - Ensure the speaker is properly paired or the AUX cable is securely connected.
- **Poor sound quality:**
 - Move closer to the connected device (if using Bluetooth).
 - Check for interference from other wireless devices.
 - Ensure the audio source is of good quality.
