2. SETUP

2.1 Battery Installation

Your Driven by Battat Dump Truck requires 4 CR123A batteries (included) for its lights and sounds features. To install or replace batteries:

1. Locate the battery compartment on the underside of the truck's cab.
2. Using a Phillips head screwdriver, unscrew the battery compartment cover.
3. Insert 4 CR123A batteries, ensuring correct polarity (+/-) as indicated inside the compartment.
4. Replace the cover and secure it with the screw.

Warning: Do not mix old and new batteries. Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries. Exhausted batteries are to be removed from the toy. Non-rechargeable batteries are not to be recharged. Rechargeable batteries are only to be charged under adult supervision. Rechargeable batteries are to be removed from the toy before being charged. The supply terminals are not to be short-circuited.

3. OPERATING INSTRUCTIONS

3.1 Activating Lights and Sounds

Press the buttons located on the top of the truck's cab to activate realistic engine sounds, horn, and flashing lights. The headlights also illuminate for enhanced play.

3.2 Operating the Tilting Bed

The dump truck features a manually operated tilting bed for realistic loading and unloading action. To operate:

1. Gently lift the front of the blue dump bed upwards. The hydraulic-like mechanism will support the bed in its raised position.
2. To release contents, open the rear hatch of the dump bed.
3. To return the bed to its original position, gently push it down until it locks into place.

4. MAINTENANCE

To ensure the longevity and optimal performance of your Driven by Battat Dump Truck:

- **Cleaning:** Wipe the truck with a damp cloth to remove dirt and dust. Do not immerse the toy in water.
- **Battery Care:** Remove batteries if the toy will not be used for an extended period to prevent leakage.
- **Storage:** Store the toy in a cool, dry place away from direct sunlight.

5. TROUBLESHOOTING

- **No Lights/Sounds:**

- Check if batteries are installed correctly with proper polarity.
- Replace with fresh batteries.
- Ensure the battery compartment cover is securely closed.

- **Movable Parts Sticking:**

- Check for any debris or foreign objects obstructing the movement of the tilting bed or doors.
- Ensure parts are operated gently and not forced.
