LUCID 4 Inch Gel Memory Foam Mattress Topper User Manual

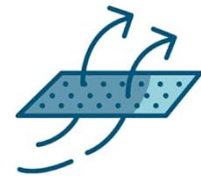

Model: LU40TX30GT

INTRODUCTION

Thank you for choosing the LUCID 4 Inch Gel Memory Foam Mattress Topper. This topper is designed to enhance the comfort of your existing mattress by providing a plush, conforming sleep surface. Infused with gel material and featuring a ventilated design, it helps regulate temperature for a cooler and more comfortable sleep experience. Please read this manual thoroughly before use to ensure proper setup and care.

KEY FEATURES

- **4 Inches of Plush Gel Memory Foam:** Provides a deep sink and cradling comfort, ideal for relieving pressure points.
- **Gel Infusion:** Actively captures and distributes heat to maintain a cooler sleep temperature.
- **Ventilated Design:** Improves airflow and breathability throughout the topper.
- **Pressure Point Relief:** Memory foam conforms to your body's unique shape, distributing weight evenly.
- **CertiPUR-US Certified:** Ensures the foam meets rigorous standards for content, emissions, and durability.

SETUP AND EXPANSION

Your LUCID mattress topper is compressed and rolled for convenient shipping. Follow these steps for proper setup:

1. **Unpack:** Carefully remove the topper from its packaging. Avoid using sharp objects that could damage the foam.
2. **Unroll:** Place the rolled topper on a clean, flat surface, preferably on top of your mattress. Unroll it completely.
3. **Allow to Expand:** The topper will begin to decompress immediately. Allow 24 to 48 hours for the topper to fully expand to its intended size and thickness. Expansion time may vary based on room temperature and humidity.
4. **Ventilation:** A new foam scent is normal and will dissipate over the first 48 hours. Ensure the room is well-ventilated during this period.

Customizing Your Comfort

LUCID offers various thickness options to suit individual preferences:

- **4-inch Profile:** For an ultra-plush, cradling feeling with significant pressure relief.
- **3-inch Profile:** Offers a balanced feel, providing both softness and support.
- **2-inch Profile:** For a gentle feeling of floating above your mattress, adding a subtle layer of softness.

CARE AND MAINTENANCE

Proper care will extend the life of your mattress topper:

- **Spot Clean Only:** Do not machine wash or dry the foam topper. For spills or stains, spot clean with mild detergent and water. Blot gently and allow to air dry completely before replacing bedding.
- **Protect:** Use a mattress protector or fitted sheet to shield the topper from spills, dirt, and wear.
- **Rotate:** Periodically rotate the topper (head to foot) to ensure even wear and prolong its lifespan.
- **Ventilate:** Occasionally remove bedding to allow the topper to air out, especially if you notice any lingering odors.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Topper not fully expanding	Insufficient expansion time; low room temperature.	Allow up to 72 hours for full expansion. Ensure room temperature is at least 70°F (21°C).
New foam odor	Normal off-gassing from new foam.	Ensure good ventilation in the room. Odor should dissipate within 48 hours.
Topper feels too soft/firm	Personal preference; incorrect thickness chosen.	Consider if a different thickness (2, 3, or 4 inch) would better suit your comfort needs.
