2. PACKAGE CONTENTS

Ensure all items are present in the package:

- Bytech Sport Earbuds with Microphone (Wired)

3. SETUP

The Bytech Sport Earbuds are designed for simple plug-and-play operation.

1. **Identify the Audio Jack:** Locate the 3.5 mm audio jack on your device (smartphone, tablet, music player, laptop, or gaming device).
2. **Connect the Earbuds:** Insert the 3.5 mm connector of the earbuds firmly into your device's audio jack.
3. **Position the Earbuds:** Place the earbuds securely in your ears. The design is intended for a secure fit, especially during physical activity.

4. OPERATING INSTRUCTIONS

4.1 Audio Playback

- Once connected, audio from your device will automatically play through the earbuds.
- Adjust the volume using your device's volume controls.

4.2 Using the Built-in Microphone

The earbuds feature an in-line microphone and a multi-function button for call management.

- **Answering a Call:** Press the multi-function button once to answer an incoming call.
- **Ending a Call:** Press the multi-function button once during a call to end it.
- **Muting Microphone:** The button may also function as a mute button depending on your phone model and application.
- **Music Control:** The button allows you to switch between calls and music playback. Functionality may vary by phone model.

5. MAINTENANCE

To ensure the longevity and optimal performance of your earbuds, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the earbuds with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, store the earbuds in a clean, dry place, away from extreme temperatures. Avoid tangling the cable.
- **Avoid Moisture:** Do not expose the earbuds to water or excessive moisture. They are not waterproof.
- **Handle with Care:** Avoid pulling on the cable directly when disconnecting from a device. Always grasp the 3.5 mm connector.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound from earbuds.	◦ Earbuds not fully plugged in. ◦ Device volume is too low or muted. ◦ Incorrect audio output selected on device. ◦ Damaged cable or connector.	◦ Ensure the 3.5 mm jack is fully inserted. ◦ Increase device volume and check mute settings. ◦ Verify audio output settings on your device. ◦ Try earbuds with another device to confirm functionality. If still no sound, the earbuds may be damaged.
Microphone not working.	◦ Microphone muted on device or application. ◦ Incompatibility with device's microphone input.	◦ Check microphone settings on your device and in the application you are using. ◦ Ensure your device supports external microphones via the 3.5 mm jack.
Sound quality is poor or distorted.	◦ Loose connection. ◦ Audio source quality is low. ◦ Earbuds are damaged.	◦ Re-insert the 3.5 mm jack firmly. ◦ Try playing a different audio file or source. ◦ Test with another device.
