ET2 Saturn II 630W 6 LED Light Large Pendant

INSTRUCTION MANUAL (MODEL E22664-11MS)

Introduction

This manual provides detailed instructions for the safe installation, operation, and maintenance of your ET2 Saturn II 630W 6 LED Light Large Pendant, model E22664-11MS. This contemporary lighting fixture features a matte silver finish with elegant acrylic diffusers and integrated dimmable LED technology. Please read all instructions carefully before beginning installation and retain this manual for future reference.

Safety Information

WARNING: Risk of electric shock. Disconnect power at the circuit breaker or fuse box before installation or servicing. Improper installation can result in electric shock or fire.

- All electrical connections must be in accordance with local codes, ordinances, and the National Electric Code (NEC).
- Consult a qualified electrician if you are unsure about the installation process.
- Do not connect this fixture to an ungrounded electrical system.
- Do not attempt to alter the fixture in any way.

- Handle the fixture with care to prevent damage to the LED components.

Package Contents

Verify that all components are present before beginning installation:

- ET2 Saturn II 6 LED Light Large Pendant Fixture
- Mounting Hardware Kit (includes mounting bracket, screws, wire nuts)
- Instruction Manual

Setup and Installation

Professional installation by a qualified electrician is recommended for this product.

1. **Turn Off Power:** Locate the circuit breaker or fuse box and turn off the power to the junction box where the fixture will be installed.
2. **Prepare Mounting:** Secure the mounting bracket to the junction box using the provided screws. Ensure the bracket is firmly attached and can support the weight of the fixture.
3. **Wiring Connections:** Connect the fixture's wires to the corresponding household wires (black to black, white to white, ground to ground) using the provided wire nuts. Ensure all connections are secure.
4. **Attach Fixture:** Carefully lift the fixture and attach it to the mounting bracket, securing it with the canopy screws. Ensure all wires are tucked neatly into the junction box.
5. **Adjust Height (if applicable):** If the pendant height is adjustable, carefully adjust the suspension cables to the desired length before fully securing the canopy.
6. **Restore Power:** Once installation is complete and all connections are secure, restore power at the circuit breaker or fuse box.

Operating Instructions

The ET2 Saturn II pendant light is designed for ease of use.

- **Power On/Off:** Operate the light using a standard wall switch connected to the fixture's circuit.
- **Dimming Functionality:** This fixture features dimmable LED technology. To utilize the dimming function, ensure it is connected to a compatible LED dimmer switch (sold separately). Follow the dimmer switch manufacturer's instructions for installation and operation.
- **App Control:** The product specifications indicate "App" as a control method. Refer to the

manufacturer's website or included documentation for specific instructions on connecting and controlling the fixture via a smart device application, if applicable.

Maintenance

Regular maintenance ensures the longevity and optimal performance of your pendant light.

- **Cleaning:** To clean the fixture, turn off the power and allow it to cool. Wipe with a soft, dry or slightly damp cloth. Do not use abrasive cleaners, solvents, or polishes as these may damage the finish or acrylic diffusers.
- **LED Components:** The LED light source is integrated and not user-replaceable. Do not attempt to disassemble the LED modules.
- **Inspection:** Periodically inspect the fixture for any signs of wear or damage. If any issues are observed, disconnect power and consult a qualified electrician.

Troubleshooting

If you encounter issues with your pendant light, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Light does not turn on	No power to fixture Loose wiring connection Faulty switch	Check circuit breaker/fuse. Verify all wire connections are secure (with power off). Test the wall switch.
Light flickers or dims improperly	Incompatible dimmer switch Loose wiring connection	Ensure a compatible LED dimmer is used. Verify all wire connections are secure (with power off).
Humming or buzzing sound	Incompatible dimmer switch	Replace with a high-quality, compatible LED dimmer switch.

If the problem persists after performing these steps, contact a qualified electrician or ET2 customer support.

Specifications

Feature	Detail
Brand	ET2
Model Name	E22664-11MS
Color	Matte Silver
Material	Acrylic, Aluminum
Style	Contemporary, Modern
Light Fixture Form	Ceiling Pendant

Feature	Detail
