1. INTRODUCTION

The Rocktile CS-30 Amplifier Stand is designed to provide a stable and elevated platform for your combo amplifier. This robust and foldable stand helps improve the sound projection angle, ensuring your audio is directed more effectively towards the listener. It is built to support amplifiers weighing up to 30 kg, offering both durability and portability.

2. SAFETY INFORMATION

- Ensure the stand is placed on a flat, stable surface before placing any equipment on it.
- Do not exceed the maximum load capacity of 30 kg. Overloading can cause instability and damage.
- Keep fingers clear of moving parts during unfolding and folding to prevent pinching.
- Regularly inspect the stand for any signs of wear, damage, or loose components. Do not use if damaged.
- Keep out of reach of children to prevent accidents.

3. PACKAGE CONTENTS

The package should contain the following items:

- 1 x Rocktile CS-30 Amplifier Stand

If any items are missing or damaged, please contact your retailer.

4. SETUP INSTRUCTIONS

1. **Unfold the Stand:** Carefully unfold the Rocktile CS-30 stand from its flat, collapsed position. Ensure all hinged parts extend fully until they lock into place, forming a stable 'X' shape for the base and an inclined support frame.

Image 1: The Rocktile CS-30 amplifier stand in its fully unfolded position, ready for use.

2. **Verify Stability:** Before placing any equipment, gently press down on the stand to confirm it is stable and does not wobble. All four feet should be firmly on the ground.
3. **Position the Amplifier:** Place your combo amplifier onto the inclined support frame of the stand. Ensure the amplifier is centered and securely seated on the support bars.

Image 2: An amplifier securely placed on the Rocktile CS-30 stand, demonstrating the inclined position.

5. OPERATING INSTRUCTIONS

The Rocktile CS-30 amplifier stand is designed for straightforward use. Once set up as described in Section 4, simply place your amplifier on the stand. The stand's fixed incline angle is engineered to direct sound upwards, improving audibility and projection in various settings, whether on stage or in a practice room.

No further adjustments are typically required during operation. Ensure the amplifier's weight is evenly distributed on the stand for maximum stability.

6. MAINTENANCE

- **Cleaning:** Wipe the stand with a soft, dry cloth to remove dust and dirt. For stubborn marks, a slightly damp cloth can be used, followed by immediate drying. Avoid abrasive cleaners or solvents.
- **Inspection:** Periodically check all joints, screws, and rubber feet for tightness and wear. Tighten any loose screws. Replace worn rubber feet if necessary to maintain stability.
- **Storage:** When not in use, fold the stand flat for compact storage. Store in a dry environment away from extreme temperatures and direct sunlight.

7. TROUBLESHOOTING

If you encounter any issues with your Rocktile CS-30 Amplifier Stand, please refer to the following common solutions:

- **Stand is unstable or wobbly:**
 - Ensure the stand is fully unfolded and all locking mechanisms are engaged.
 - Verify that the stand is placed on a level surface.
 - Check if the rubber feet are intact and making full contact with the ground.
 - Confirm that the amplifier's weight does not exceed 30 kg and is evenly distributed.
- **Difficulty folding/unfolding:**
 - Check for any obstructions in the hinge mechanisms.
 - Apply a small amount of silicone-based lubricant to the hinges if they are stiff.

If the problem persists, contact customer support for further assistance.

8. SPECIFICATIONS

Model	CS-30
Brand	Rocktile
Maximum Load Capacity	30 kg
Dimensions (folded)	Approximately 65.4 x 34 x 3.5 cm

Item Weight	1.86 kg
Material	Metal (Black finish)
Features	Inclined design, foldable, robust construction

9. WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the documentation provided with your purchase or visit the official Rocktile website. Keep your proof of purchase for any warranty claims. If you require technical assistance or have questions not covered in this manual, please contact Rocktile customer service or your authorized dealer.
