- **Water Resistance:** This watch is water resistant up to 100 meters (10 BAR). It is suitable for swimming and snorkeling, but not for scuba diving. Do not operate buttons while the watch is wet or submerged.
- **Temperature:** Avoid exposing the watch to extreme temperatures, both hot and cold, for extended periods.
- **Chemicals:** Keep the watch away from gasoline, cleaning solvents, aerosols, adhesives, paints, etc. These can cause discoloration or damage to the resin case and band.
